

# Water Supply Permitting for Extremely Impaired Sources

April 7, 10am – 3pm (w/ a break from Noon to 1 pm)

## Objectives:

- Provide information on 2020 [revised Process Memo 97-005-R2020](#) and associated [User Guide](#) for permitting extremely impaired sources of drinking water
- Set common expectations for submittals as part of the 97-005 process
- Facilitate efficient implementation of the process for obtaining a DDW permit for an extremely impaired drinking water source

## If you attend, you will:

- Understand the steps involved in implementing Process Memo 97-005, including data requirements and when and how to communicate with DDW staff
- Learn from examples of successful implementation of the 97-005 process
- Be able to plan for and implement a proposal to use an extremely impaired source
- Be eligible for 4 Operator Certification continuing education contact hours
- Be eligible for up to 4 hours of continuing legal education (CLE) credit

## Logistics:

- Register at the link below or click [here](#)
- For questions, please contact Stephanie Moreno at [stephanie@wqa.com](mailto:stephanie@wqa.com)
- Registration will be provided on first come, first serve basis
- Please forward to others who should attend this free training

*The User Guide was developed in part through the cooperation and support of:*

**wood.**
