| V. | PUBLIC COMMENTS (Agendized Matters Only):
As provided under Government Code Section 54954.3, this time has been set aside for persons in the audience to provide comment or make inquiries on matters appearing on this Special Meeting agenda only. Please complete the appropriate request card and submit it to the Secretary, prior to the item being heard. A five-minute time limit on remarks is requested. | PAULSON | | | | | | | | | | | | | | | | | | | | | | | | | | | | |
| VI. | ITEMS TOO LATE TO BE AGENDIZED - Recommended Action:
Approve motion determining need to take action on item(s) which arose subsequent to posting of the Agenda (ROLL CALL VOTE: Adoption of this recommendation requires a two-thirds vote of the Board or, if less than two-thirds of Board members are present, a unanimous vote) | PAULSON | | | | | | | | | | | | | | | | | | | | | | | | | | | | |

VII. PUBLIC HEARING

PAULSON

“Draft Budget for Fiscal Year 2023/2024”

VIII. WORKSOP

SAENZ

“Budget Workshop for Fiscal Year 2023/2024” [enc]

IX. CONSENT CALENDAR

PAULSON

(Consent items may all be approved by single motion) [enc]

- (a) Minutes for 3/22/23 Regular Board Meeting
- (b) Minutes for 4/11/23 Administrative/Finance Committee Meeting
- (c) Minutes for 4/12/23 Legislative/Public Information Committee Meeting
- (d) Demands on Administrative Fund
- (e) Demands on Project Fund

X. COMMITTEE REPORTS

(These items may require action)

- (a) Legislative/Public Information Committee Report [enc]
- (b) Administrative/Finance Committee Report [enc]
 - 1. Discussion/Action Regarding Amendment to Policy No. 23 [enc]
 - 2. Report on Cash and Investments – 1st Quarter 2023 [enc]

XI. OTHER ACTION/INFORMATION ITEMS

PAULSON

(These items may require action)

- (a) Adopt Resolution No. 23-005 Commending Michael L. Whitehead [enc]

XII. PROJECT REPORTS

COLBY

- (a) Treatment Plants:

1.	Baldwin Park Operable Unit	<u>Status</u>
	• Arrow/Lante Well (Subarea 1)	Operational
	• Monrovia Wells	Operational
	• SGVWC B6 Plant	Operational
	• SGVWC B5 Plant	Operational
	• CDWC Well No. 14	Operational
	• La Puente Valley County Water District	Operational
	• VCWD Nixon	Operational
	• VCWD Maine	Operational
2.	El Monte Operable Unit	
	• Eastern Shallow Zone	Operational
	• Eastern Deep Zone	Operational
	• GSWC Encinita Plant	Operational

	• Western Shallow Zone	Operational
3.	South El Monte Operable Unit	
	• Whitmore Street. Ground Water Remediation Treatment Facility	Operational
	• City of M.P. Well No. 5 VOC Treatment Facility	Operational
	• City of M.P. Well No. 12 VOC Treatment Facility	Operational
	• City of M.P. Well No. 15	Operational
	• City of M.P. Well Nos. 1, 3, 10 VOC Treatment Facility	Operational
	• GSWC Wells SG-1 & SG-2	Operational
	• GSWC Garvey	Operational
	• SGVWC Plant No. 8	Operational
	• SGVWC Plant G4	Operational
4.	Puente Valley Operable Unit	
	• Intermediate Zone	Construction
	• SGVWC Plant B11	Operational
5.	Area 3 Operable Unit	
	• City of Alhambra Phase 1	Operational
	• City of Alhambra Phase 2	Operational
	• City of South Pasadena Wilson	Operational
6.	Non-Operable Unit	
	• City of Arcadia Longden	Operational
	• City of Arcadia Live Oak	Operational
	• City of Monrovia Tower 1&2	Operational
	• City of Monrovia Tower 3&4	Operational
	• SGVWC Plant 11	Operational

XIII. ATTORNEY'S REPORT **PADILLA**

XIV. LEGISLATIVE REPORT **MONARES**

XV. EXECUTIVE DIRECTOR'S REPORT **SCHOELLERMAN**

XVI. FUTURE AGENDA ITEMS **PAULSON**

XVII. INFORMATION ITEMS [enc] **PAULSON**

- (a) San Gabriel Basin Water Calendar

XVIII. FUTURE BOARD/COMMITTEE MEETINGS **PAULSON**

- (a) The next Legislative/Public Information Committee meeting was scheduled for **Tuesday, May 16, 2023 at 9:00 a.m.**
- (b) The next Administrative/Finance Committee Meeting was scheduled for Tuesday, May 16, 2023 at 10:00 a.m.
- (c) The next WQA Board meeting was scheduled for Wednesday,

May 24, 2023 at 12:00 p.m.

XIX. CLOSED SESSION

PAULSON

- (a) Closed Session Pursuant to Government Code Section 54956.9(d)(1)
 - Conference with Legal Counsel re: Existing Litigation - San Gabriel Basin Water Quality Authority v. 3M Company et al, USDC Case No. 2:23-av-55555-CIV

XX. RECONVENE OPEN SESSION

PAULSON

XXI. BOARD MEMBERS' COMMENTS/REPORTS

PAULSON

XXII. ADJOURNMENT

PAULSON

Pursuant to Government Code section 54957.5, non-exempt public records that relate to open session agenda items and are distributed to a majority of the Board less than seventy-two (72) hours prior to the meeting will be available for public inspection in the lobby of the Authority's business office located at 1720 W. Cameron Ave., Suite 100, West Covina, CA 91790, during regular business hours. When practical, these public records will also be made available on the Authority's internet web site, accessible at www.wqa.com.

San Gabriel Basin Water Quality Authority

1720 W. Cameron Avenue, Suite 100, West Covina, CA 91790 • 626-338-5555 • Fax 626-338-5775

To: WQA Board of Directors
From: Randy Schoellerman, Executive Director
Date: April 19, 2023
Subject: Budget Workshop for FY 23/24 – Version v2

Discussion

The budget for FY 23/24 involves the participation of several interested parties – the WQA Board of Directors, the Water Producers, the Responsible Parties (RPs), the Prescriptive Pumping Rights Holders and the public.

The purpose of the budget is to project the costs for the upcoming fiscal year and determine the revenues necessary to cover those costs. WQA's budgeted costs are funded by assessments that the WQA charges on prescriptive pumping rights in the San Gabriel Basin. Funding also includes grants from the U.S. Bureau of Reclamation (USBR), the U.S. Environmental Protection Agency (EPA), the State Water Resources Control Board (SWRCB) Division of Financial Assistance (DFA) Proposition 1 and Proposition 68, and RPs (also known as PRPs or CRs).

There is a total of 197,610 acre feet of prescriptive pumping rights in the Basin. The WQA assessment is budgeted at \$12 per acre foot, for total assessment funding of \$2,371,320.

The Budget Workshop presentation will also include a discussion of the WQA Reserve Fund Policy and the effect that the FY 23/24 Budget will have on the annual assessment level necessary to fund WQA's operations.

The WQA is holding its second Budget Workshop today. The first Budget Workshop was presented on April 11, 2023, at the Administrative/Finance Committee meeting. Any changes or comments received after today's Budget Workshop will be reviewed at the May 16, 2023, Administrative/Finance Committee meeting, with any updates incorporated into the budget and presented to the Board at the regular WQA Board Meeting on May 24, 2023. Staff anticipates that the budget would be adopted on May 24, 2023.

Recommendations / Proposed Actions

- Approve the Draft Budget v2, subject to any changes or comments received.

OPERATING AND PROJECT EXPENSE BUDGET
FISCAL YEAR ENDING JUNE 30, 2024

ANNOTATIONS AND PROJECT DESCRIPTIONS

PROJECTS

1. Project Budget Line Items

Each of the following headings are included on each project budget and are defined as follows:

1a. Legal/Mediation/Litigation

This item includes the professional services required to negotiate, develop agreements, and/or litigate. The budget costs reflect anticipated professional services by our general and/or specialized counsel.

1b. Government Relations / Community Relations

Government Relations: These costs reflect the fees associated with efforts in Washington D.C. and Sacramento to find outside sources of funding for cleanup projects. The fees have been proportionately allocated to the related projects requiring outside funding. The allocation rate is based upon funding provided to activities in the operable units. The rate is reviewed on an annual basis and adjusted accordingly. The rates for FY 23/24 are shown below.

Community Relations: The WQA disseminates information to a large audience throughout the year with the use of approximately eight to ten full-color inserts exclusive to the WQA, as well as e-mail "blasts" to approximately 60,000 readers. These are issued in conjunction with Earth Day, Civic Leadership, Water Awareness and other special sections or events. The WQA has also developed a comprehensive social media communications plan that capitalizes on social media's increasing influence to communicate its goal to the general public. The fees are allocated proportionately among the 42 projects that are included in the budget.

	<u>Government</u>	<u>Community</u>
	<u>Relations</u>	<u>Relations</u>
Baldwin Park Operable Unit - BPOU Committee	39.7%	16.7%
Baldwin Park Operable Unit - Non-Committee	2.9%	9.5%
El Monte Operable Unit	22.2%	26.2%
So. El Monte Operable Unit	10.8%	11.9%
Puente Valley Operable Unit	4.8%	11.9%
Area Three Operable Unit	8.7%	7.1%
Other Projects	<u>10.9%</u>	<u>16.7%</u>
TOTAL	<u>100.0%</u>	<u>100.0%</u>

OPERATING AND PROJECT EXPENSE BUDGET
FISCAL YEAR ENDING JUNE 30, 2024

ANNOTATIONS AND PROJECT DESCRIPTIONS

1. Project Budget Line Items (continued)

1c. Treatment and Remediation (T & R) / Administration Costs/Grants

Costs on this line item are associated with projects that are owned and operated by either the WQA, Responsible Parties (RPs), or Water Producers and reflect the expenses necessary to maintain and operate a treatment system or the costs associated with administering outside funding and grants.

2. OTHER PROJECTS

ARCADIA LONGDEN AND LIVE OAK TREATMENT PLANTS (See page 3)

The City of Arcadia operates two treatment facilities. The Longden Treatment Plant utilizes air-stripping treatment technology for VOCs with capacity of 4,500 gpm. The Live Oak Treatment Plant utilizes LPGAC treatment technology for PFAS with a capacity of 3,000 gpm. The treated water is conveyed into Arcadia's existing distribution system. For FYs 18/19, 19/20, 21/22, 22/23, and 23/24, the treatment and remediation costs are funded by the SWRCB DFA Proposition 68 grant funds.

MONROVIA MYRTLE WELLFIELD TREATMENT (See page 4)

The City of Monrovia operates two VOC treatment facilities at its Myrtle Wellfield. Tower 1 and 2 Treatment Plant utilizes air-stripping treatment technology with a capacity of 3,600 gpm. Tower 3 and 4 Treatment Plant utilizes air-stripping treatment technology with a capacity of 4,000 gpm. The treated water is conveyed into Monrovia's existing distribution system. For FYs 18/19, 19/20, 21/22, 22/23, and 23/24, the treatment and remediation costs are funded by the SWRCB DFA Proposition 68 grant funds.

SAN GABRIEL VALLEY WATER COMPANY - PLANT 11 (See page 5)

The WQA Board authorized the use of Restoration funds in prior years to offset a portion of SGVWC's treatment and remediation costs for Plant 11. The federal funds for Plant 11 were utilized in FY 9/10; no federal funds have been allocated since that date. Plant 11 continues to operate with costs currently funded by SGVWC and Proposition 68 funds. For FYs 18/19, 19/20, 21/22, 22/23, and 23/24 treatment and remediation costs are funded by the SWRCB DFA Proposition 68 grant funds.

SGVWC plans to construct a new PFAS treatment facility utilizing ion exchange technology with a capacity of 5,000 gpm. The overall cost is projected at \$7.2M. During the FY 22/23, the WQA Board awarded \$2.0M of Restoration (FFPA) funds to partially offset the cost of construction. A portion of the award is included in the FY 23/24 budget with the balance of the award to be expended in subsequent years.

SAN GABRIEL BASIN WATER QUALITY AUTHORITY

OPERATING AND PROJECT EXPENSE BUDGET FISCAL YEAR ENDING JUNE 30, 2024

ANNOTATIONS AND PROJECT DESCRIPTIONS

SAN GABRIEL VALLEY WATER COMPANY - PLANT 1 PFAS (See page 6)

The project is located in the City of El Monte and involves the construction of a PFAS treatment facility utilizing ion exchange technology. The proposed treatment facility will be able to treat any combination of Plant 1 Wells with a design capacity of 5,000 gpm. The overall cost is projected at \$6.65M. During the FY 22/23, the WQA Board allocated \$1.025M through the FFPA process, of which \$525K is included in the budgeted expenses for FY 23/24, and the remainder to be expended in subsequent years.

SUBURBAN WATER COMPANY - PLANT 201 PFAS Treatment Plant Phase 1(See page 7)

Suburban Water Company is involved in the design and construction of a 10,000 gpm ion exchange equipment for the removal of PFAS contamination. The treated water will conveyed into Suburban Water Systems existing distribution infrastructure. The WQA Board has allocated FFPA funds to partially offset the cost of construction.

WHITTIER NARROWS OPERABLE UNIT (WNOU) (See page 8)

The WQA is assisting the U.S. Environmental Protection Agency (EPA) and the Department of Toxic Substances Control (DTSC) in developing a long-term plan to guarantee the continued operations of the WNOU remedy and to ensure that the remedy is performing as required by the WNOU Record of Decision (ROD). The plan currently calls for the San Gabriel Valley Water Company (SGVWC) to assume operations of the treatment plant. In order for SGVWC to assume operations capital upgrades are required. The upgrades include the construction of an onsite reservoir, construction of blending controls and a 3,000 gpm booster station as well as an updated pump station and disinfection equipment. In addition, a 7,000 linear foot blending pipeline is necessary to bring needed blend water from SGVWC's existing distribution system to facilitate long term operation of the treatment facility. The costs associated with the capital upgrades total approximately \$15M and are being funded by an agreement between EPA, DTSC and state funding through Proposition 1, with a preliminary Proposition 1 award of up to \$7.1M. Any costs associated with WQA involvement are currently being funded by WQA.

SAN GABRIEL BASIN WATER QUALITY AUTHORITY

OPERATING AND PROJECT EXPENSE BUDGET FISCAL YEAR ENDING JUNE 30, 2024

ANNOTATIONS AND PROJECT DESCRIPTIONS

3. **BALDWIN PARK AREA OPERABLE UNIT - LPVCWD (See page 12)**

The 2,500 gpm groundwater treatment project was constructed in 2000 for the La Puente Valley County Water District (LPVCWD). The plant utilizes air stripping, ion exchange and ultraviolet light to treat VOCs, Perchlorate, n-nitrosodimethylamine (NDMA) and 1,4-Dioxane. The treatment and remediation costs for the project are funded through the Baldwin Park Operable Unit (BPOU) Project Agreement. In addition, LPVCWD tested waste brine destruction methods resulting from the operation of the ion exchange treatment technology. The regenerable ion exchange treatment equipment was subsequently replaced with more efficient single pass ion exchange treatment equipment thereby eliminating all waste brine discharges. In addition to the ion exchange treatment equipment, LPVCWD constructed a new onsite production well. The costs for the completion of the ion exchange treatment equipment and the new well were reflected in the FY09/10 budget and were funded through the BPOU Project Agreement, a USBR Title XVI award, and Restoration funds approved by the Board. The FY 23/24 budget includes the subsequent treatment and remediation costs that are being funded through the BPOU Project Agreement.

Additionally, LPVCD is constructing a Nitrate Treatment Facility. The project involves the design and construction of a 1,500 gpm regenerable ion exchange equipment for the removal of nitrate contamination. The treated water slip stream of water will be re-blended upstream of additional required treatment. The overall cost is projected at \$2.8M. During the FY 22/23 the WQA Board awarded \$1.275M through the FFPA process. The award is included in the FY 22/23 projected expenses.

4. **BALDWIN PARK AREA OPERABLE UNIT - PLANT B6 (See page 13)**

The 7,800 gpm groundwater treatment project at San Gabriel Valley Water Company's (SGVWC) existing B6 well field is currently operating under its amended water supply permit. The project removes VOCs, Perchlorate, NDMA and 1,4-Dioxane from the groundwater with a combination of treatment technologies including air stripping and single pass ion exchange treatment equipment. The project also includes four extraction wells at two extraction locations near the southwestern edge of the BPOU. In addition, SGVWC was required by the DPH to construct an additional fixed bed ion exchange treatment system for the removal of nitrates. The second round of funding from Proposition 84, Section 75025 provided funding for the nitrate system. SGVWC is also planning the installation of an advanced UVFlex modular treatment system for 1,4-dioxane and NDMA at an estimated cost of \$2.2M. This system would reduce the amount of energy necessary to operate and optimize the treatment of contaminants. Proposition 1 funding of a portion of the UVFlex project was approved. In FY 22/23, the WQA Board approved an FFPA award of \$1.29M for this project, which is projected to be paid in FY 23/24. The FY 23/24 budget also includes treatment and remediation costs that are funded through the BPOU Project Agreement.

SAN GABRIEL BASIN WATER QUALITY AUTHORITY

OPERATING AND PROJECT EXPENSE BUDGET FISCAL YEAR ENDING JUNE 30, 2024

ANNOTATIONS AND PROJECT DESCRIPTIONS

5. BALDWIN PARK AREA OPERABLE UNIT - CDWC Well 14 (See page 14)

California Domestic Water Company (CDWC) has constructed VOC, Perchlorate and NDMA treatment facilities at their Well No. 14. While the project is not part of the EPA ROD, it is funded as part of the comprehensive BPOU Project Agreement that has been endorsed by the EPA. In FY09/10 CDWC constructed an extraction well to replace existing Well No. 14 due to sub-surface failure. The cost of the constructing a pipeline between the CDWC Bassett Well Field and SGVWC's Plant B5 was also funded through the BPOU Project Agreement. The FY 23/24 budget includes treatment and remediation costs, which are funded through the BPOU Project Agreement.

6. BALDWIN PARK AREA OPERABLE UNIT - CDWC Well 8 PFAS (See page 15)

CDWC is designing and constructing a 3,000 gpm ion exchange resin treatment system for the removal of PFAS contamination. The treated water will be conveyed into CDWC's existing distribution infrastructure. The cost of the facility is projected to be \$4.7M. During FY 22/23, the WQA Board allocated an FFPA award of \$2.6M award for the project. Included in the FY 23/24 budget is \$1.5M of the FFPA award, with the remainder of the award to be paid in subsequent years.

7. BALDWIN PARK AREA OPERABLE UNIT - PLANT B5 (See page 16)

The 7,800 gpm treatment system at SGVWC's existing B5 well field and extraction well on site is located at the southern edge of the BPOU and is part of the EPA's ROD and the BPOU Project Agreement. The project treats Perchlorate, NDMA, 1,4-Dioxane and VOCs. The B5 treatment facility started operations in FY 08/09 with all associated costs funded through the BPOU Project Agreement. The FY 23/24 budget includes treatment and remediation costs that are being funded through the BPOU Project Agreement.

SGVWC is also in the process of replacing four Micron Filter Vessels at an estimated cost of \$535K. In FY 22/23, the WQA Board approved an FFPA award of \$345K for this project, which is budgeted to be completed in FY 23/24.

SAN GABRIEL BASIN WATER QUALITY AUTHORITY

OPERATING AND PROJECT EXPENSE BUDGET FISCAL YEAR ENDING JUNE 30, 2024

ANNOTATIONS AND PROJECT DESCRIPTIONS

8. BALDWIN PARK AREA OPERABLE UNIT - VCWD SUB-AREA 1 (See page 17)

The 7,800 gpm groundwater treatment system at Valley County Water District's (VCWD) Arrow/Lante well field removes Perchlorate, NDMA, 1,4-Dioxane and VOCs utilizing treatment systems similar to those used in the B6 project. The project includes two extraction wells (SA1-1 and SA1-2) and a treated water pipeline to Suburban Water Systems' (SWS) existing distribution system. VCWD has replaced its existing regenerable ion exchange treatment equipment with the more efficient single pass ion exchange treatment equipment. The FY 20/21 budget included costs for the ongoing rehabilitation of a groundwater extraction well and a liquid phase granular activated quench system. The WQA Board allocated Restoration funds to partially offset the cost of design and construction of these systems. Additionally, the second round of funding from Proposition 84, Section 75025 provided funding for bypass piping to address nitrate contamination. The FY 23/24 budget includes ongoing treatment and remediation costs that are being funded through the BPOU Project Agreement.

VCWD is upgrading and rehabbing the Lante Plant at an estimated cost of \$1.8M. In FY 22/23, the WQA Board approved an FFPA award of \$1.16M for this project, which is projected to be completed in FY 23/24.

9. BALDWIN PARK AREA OPERABLE UNIT - SWS Plants (See page 18)

SWS has constructed two new production wells, one at its Plant 121 and the other at its Plant 142, to replace the production lost at its Plant 139. The project included a pipeline that connected Plant 121 with an adjacent service area that includes their Plant 140 NDMA treatment facility and the construction of a third production well Plant 151. The project was funded by the Project Agreement. The FY23/24 budget includes ongoing treatment and remediation costs that are being funded through the BPOU Project Agreement.

10. BALDWIN PARK AREA OPERABLE UNIT - BALDWIN WELLS PUMPING PLANT (See page 19)

This project is located at Covina Irrigating Company's (CIC) Baldwin Park Pumping Plant where CIC constructed a 6,600 gpm treatment system utilizing fixed bed ion exchange treatment technology for the removal of perchlorate from onsite wells 1, 2 and 3. The project is not part of the EPA ROD, therefore it was not funded through the BPOU Project Agreement. In prior years the WQA Board allocated Restoration funds to partially offset the cost of design and construction. The second round of funding from Proposition 84, Section 75025 also provided funds for the project.

CIC is also designing and constructing a 6,600 gpm ion exchange treatment system for the removal of PFAS contamination. The treated water will be conveyed into Suburban Water Systems existing distribution infrastructure. The overall cost is projected at \$2.5M. During FY 22/23, the WQA Board awarded \$1.0M through the FFPA process, of which \$822K is included in the FY 23/24 projected expenses.

SAN GABRIEL BASIN WATER QUALITY AUTHORITY

OPERATING AND PROJECT EXPENSE BUDGET FISCAL YEAR ENDING JUNE 30, 2024

ANNOTATIONS AND PROJECT DESCRIPTIONS

11. BALDWIN PARK AREA OPERABLE UNIT - VCWD Maine & Nixon Treatment (see page 20)

Valley County Water District operates two VOC treatment facilities. Maine Treatment Facility utilizes LGAC treatment technology with a capacity of 3,450 gpm. Nixon Treatment Facility utilizes LGAC treatment technology with a capacity of 6,250 gpm. For FYs 18/19, 19/20, 21/22, 22/23, and 23/24, the treatment and remediation costs are funded by the SWRCB DFA Proposition 68 grant funds.

12. BALDWIN PARK AREA OPERABLE UNIT - AZUSA WATER - ASPAN (see page 21)

The project is located in the City of Azusa and involves the construction of a VOC treatment facility utilizing liquid phase granular activated carbon technology. The proposed treatment will treat Aspan Well with a design capacity of 1,800 gpm. The project cost is projected at \$3.0M. The WQA Board has allocated Restoration funds of \$525K to partially offset the cost of construction.

13. BALDWIN PARK AREA OPERABLE UNIT - REGIONAL GROUNDWATER PROJECT (see page 22)

The proposed project will rehabilitate two of the Glendora's existing wells located in the City of Irwindale, construct wellhead treatment at the site and construct potable water pipelines to provide sustainable groundwater to the City. The proposed treatment facility will have a design capacity of 4,000 gpm. The WQA Board has allocated Restoration funds to partially offset the cost of construction.

14. BALDWIN PARK AREA OPERABLE UNIT - VCWD MORADA TREATMENT(see page 23)

The project is located in the City of Irwindale and involves the construction of a groundwater treatment facility utilizing best available technology. The proposed treatment facility will have a design capacity of 1,500 gpm. The project cost is estimated at \$2.2M. The WQA Board has allocated Restoration funds of \$500K to partially offset the cost of construction.

15. EL MONTE AREA OPERABLE UNIT - Encinita (See page 25)

This VOC treatment project enables the Golden State Water Company (GSWC) to treat all of the 2,250 gpm available at the Encinita Plant. Funding for the project came from a variety of sources including federal funding. The WQA Board had allocated Restoration funds to offset treatment and remediation costs, which have been utilized in full as of FY 11/12. For FYs 18/19, 19/20, 21/22, 22/23, and 23/24, the treatment and remediation costs are funded by the SWRCB DFA Proposition 68 grant funds.

SAN GABRIEL BASIN WATER QUALITY AUTHORITY

OPERATING AND PROJECT EXPENSE BUDGET
FISCAL YEAR ENDING JUNE 30, 2024

ANNOTATIONS AND PROJECT DESCRIPTIONS

16. **EL MONTE AREA OPERABLE UNIT - Westside Shallow Remedy (See page 26)**

In FY 06/07 the Westside Performing Settling Defendants (WSPSD) constructed additional monitoring wells required by EPA to fully characterize the extent of contamination in the western portion of the El Monte Operable Unit (EMOU). In FY 07/08 the WSPSD began construction of VOC treatment facilities and conveyance pipelines. In the event that emergent chemical contamination is found appropriate treatment will be added. The project work meets the west side shallow zone remediation requirements of EPA's EMOU ROD. The WQA Board allocated Title XVI funds and Restoration Funds to offset the cost of construction of the VOC facilities and pipelines and the funds have been fully utilized. Construction was completed in FY 12/13 and the project is now fully operational. Treatment and remediation costs are being funded by the WSPSD. However, recent data indicates the need to construct additional advanced oxidation treatment for destruction of 1,4-dioxane with the additional construction costs being funded by the WSPSD. WSPSD has constructed seven additional shallow zone extraction wells due to the lowering groundwater table, with costs being funded by the WSPSD.

The WSPSD intends to construct new groundwater conveyance piping for the additional seven wells to the existing treatment facility along with necessary electrical upgrades and controls. The proposed capital improvements are estimated to be \$8.0M. The WQA Board has allocated FFPA funds of \$1.0M to partially offset the cost of construction.

17. **EL MONTE AREA OPERABLE UNIT - Eastside Shallow Remedy (See page 27)**

During FY 07/08, the Eastside Performing Settling Defendants (ESPSD) began construction of extraction wells, re-injection wells, conveyance pipelines and a VOC treatment facility. In the event that emergent chemical contamination is found, appropriate treatment will be added. The work meets the east side shallow zone remediation requirements of EPA's EMOU ROD. The WQA Board also allocated Title XVI funds and Restoration funds to offset the cost of construction. The FY 15/16 budget included capital costs associated with the project construction and staff time associated with project coordination and processing federal awards. The Title XVI and Restoration funds have been fully utilized as of FY 15/16, and no further funding has been provided as of FY 21/22. The construction has been completed and the project is now operational. Treatment and remediation costs are being funded by the ESPSD.

SAN GABRIEL BASIN WATER QUALITY AUTHORITY

OPERATING AND PROJECT EXPENSE BUDGET FISCAL YEAR ENDING JUNE 30, 2024

ANNOTATIONS AND PROJECT DESCRIPTIONS

18. EL MONTE AREA OPERABLE UNIT - Southeast Deep Remedy- City of El Monte Wells 14, 15, & 16 (See page 28)

The ESPSD and the City of El Monte (CEM) entered into an agreement to construct three new extraction wells, necessary conveyance pipelines and the construction of a centralized VOC treatment facility. The CEM operates the treatment facility and uses all of the treated water produced for domestic supply. This project satisfies the east side deep zone remediation requirements of EPA's EMOU ROD. The WQA Board allocated Restoration funds to offset the cost of construction, with construction starting in FY 07/08. The FY 15/16 budget included capital costs associated with the project construction. The construction has been completed and the project is now operational. Although certain treatment and remediation costs are funded by the ESPSD, by agreement, there are certain costs not funded by the ESPSD. For FYs 18/19, 19/20, 21/22, 22/23, and 23/24, those treatment and remediation costs are being funded by SWRCB DFA Proposition 68 funds.

19. EL MONTE AREA OPERABLE UNIT - City of El Monte Wells 2, 10 and 12 (See page 29)

The CEM has constructed VOC treatment systems at its well sites for Wells 2, 10 and 12. The WQA Board allocated Restoration funds to partially offset the cost of treatment and remediation, which had been fully utilized as of FY 15/16. No additional funding has been provided, therefore treatment and remediation costs are funded entirely by the CEM. For FYs 18/19, 19/20, 21/22, 22/23, and 23/24, the treatment and remediation costs are funded by the SWRCB DFA Proposition 68 grant funds.

20. SO. EL MONTE AREA OPERABLE UNIT - Monterey Park Wells (See pages 31-33 and 35)

The FY22/23 budget includes treatment and remediation costs associated with the City of Monterey Park's (CMP) Well 5, Well 12 and Well 15 VOC treatment facilities. Funding for the treatment and remediation costs is provided by the EPA Cooperative Agreement, SEMOU settlement funds and SWRCB DFA Proposition 68 funds.

CMP also operates a VOC treatment plant for Wells 1, 3, 10 and Fern. The treatment and remediation costs for FYs 21/22, 22/23 and 23/24 are funded by SWRCB DFA Proposition 68 funds.

21. SO. EL MONTE AREA OPERABLE UNIT - Monterey Park Centralized Groundwater Treatment System (See page 34)

The CMP has constructed a centralized groundwater treatment system (CGT) at its Delta Plant to replace the individual remedy wellhead systems. The CGT will remove VOCs, 1,4-dioxane and PFOS and will enable the City to maximize production from its three remedy wells. The \$8.2M project is partially funded by a Proposition 84 grant and is expected to be operational in FY 23/24. It will eventually replace the VOC treatment facilities at Well 12 and Well 15.

SAN GABRIEL BASIN WATER QUALITY AUTHORITY

OPERATING AND PROJECT EXPENSE BUDGET FISCAL YEAR ENDING JUNE 30, 2024

ANNOTATIONS AND PROJECT DESCRIPTIONS

22. SO. EL MONTE AREA OPERABLE UNIT - SGVWC Plant 8 (See page 36)

SGVWC started the design process for additional treatment consisting of ion exchange for perchlorate contamination and advanced oxidation of 1,4-dioxane destruction; the additional treatment will be necessary if concentrations exceed 50% of the maximum contaminate level. The WQA Board allocated the use of federal funds to offset the cost of SGVWC's design. In FY 18/19 SGVWC began construction of an advanced oxidation treatment system for 1,4-dioxane contamination - the WQA Board has also allocated federal funds to offset a portion of those construction costs. These funds were awarded to SGVWC in FY 18/19. For FY 21/22 and FY 22/23, funding for the treatment and remediation costs for VOC treatment at Plant 8 is being provided by the EPA Cooperative Agreement. For FY 23/24 funding is being provided by SWRCB DFA Proposition 68 funds.

23. SO. EL MONTE AREA OPERABLE UNIT - GSWC SG 1 & 2 Wells (See page 37)

In prior years the Golden State Water Company (GSWC) retrofitted two of its existing six carbon vessels for ion exchange treatment of Perchlorate, and subsequently reversed the two vessels back into VOC treatment. The WQA Board had allocated federal funds to offset a portion of GSWC's treatment and remediation costs of the VOC and the temporary Perchlorate treatment systems - the funds were completely utilized as of FY 14/15. For FY 21/22 and FY 22/23 treatment and remediation costs associated with the VOC treatment for Wells SG1 and SG2 are provided by the EPA Cooperative Agreement. For FY 23/24 funding is being provided by SWRCB DFA Proposition 68 funds.

24. SO. EL MONTE AREA OPERABLE UNIT - SGVWC Plant G4 (See page 38)

SGVWC constructed a VOC treatment facility at its existing Plant G4. The WQA Board allocated federal funds to offset a portion of the treatment and remediation costs associated with the VOC treatment, which were completely utilized as of FY 10/11. For FYs 21/22, 22/23, and 23/24, the treatment and remediation costs are funded by SWRCB DFA Proposition 68 funds.

SAN GABRIEL BASIN WATER QUALITY AUTHORITY

OPERATING AND PROJECT EXPENSE BUDGET FISCAL YEAR ENDING JUNE 30, 2024

ANNOTATIONS AND PROJECT DESCRIPTIONS

25. SO. EL MONTE OPERABLE UNIT - Whitmore Treatment Facility (See pages 39 & 40)

During FY 07/08, the WQA constructed a treatment facility utilizing UV oxidation and LPGAC treatment technologies for the removal of 1,4-Dioxane and VOCs. The WQA received a grant from the State of California to offset the costs of construction and a portion of treatment and remediation which provided funding through December 2012. In December 2012, the State approved an additional five years of funding for the construction of a new extraction well and to offset costs of treatment and remediation. The State funding was fully expended within the first quarter of FY 18/19, at which time the cost of operating the treatment facility was being funded entirely by the WQA until the upcoming budget year. For FY 21/22, 22/23 and 23/24 the budget includes SWRCB DFA Proposition 68 funds that have been awarded to cover treatment and remediation costs.

The WQA is investigating the contamination in the shallow aquifer surrounding the Whitmore site. Using hydropunch technology at 15 locations and installing 6 monitoring wells, the WQA gained additional data to enhance the extraction at the Whitmore site. The cost of this project is partially funded by a Proposition 1 grant with the remainder of the funding being provided by the WQA. The WQA Board has also approved an FFPA award to cover certain of the project costs. Costs for this project were included in the budgets for FYs 21/22 and 22/23. The investigation was completed in FY 22/23, and no future funding is anticipated.

26. SO. EL MONTE OPERABLE UNIT - Regional Site Investigation (See page 41)

The WQA is involved in a collaborative effort with the Los Angeles Regional Water Quality Control Board, the SWRCB Department of Financial Assistance, and the DTSC to facilitate the investigation and cleanup of contamination sources. The WQA has received a planning grant to be used to perform remedial Phase 1 and Phase 2-type investigations of soil, soil gas, and groundwater beneath high priority sites within the Basin. The cost of this project is partially funded by a Proposition 1 grant with the remainder of the funding being provided by the WQA. The WQA Board has also approved an FFPA award to cover certain of the project costs. Costs for this project are included in the FY 23/24 budget.

27. SO. EL MONTE AREA OPERABLE UNIT - GSWC Garvey Plant (See page 42)

Golden State Water Company operates a VOC treatment facility at its Garvey wellsite. The Garvey treatment facility utilizes LGAC treatment technology with a capacity of 1,000 gpm. The treated water is conveyed into GSWC's distribution system. The costs reflected in FYs 21/22, 22/23 and 23/24, are for treatment and remediation costs funded by SWRCB DFA Proposition 68 funds.

28. PUENTE VALLEY AREA OPERABLE UNIT - SGVWC Plant B11 (See page 44)

The WQA Board authorized the use of federal funds to offset a portion of SGVWC's treatment and remediation costs for Plant B11. The federal funds for Plant B11 were fully utilized in FY 10/11. No federal funds have been allocated in subsequent years. Plant B11 continues to operate with costs currently funded by RPs.

SAN GABRIEL BASIN WATER QUALITY AUTHORITY

OPERATING AND PROJECT EXPENSE BUDGET FISCAL YEAR ENDING JUNE 30, 2024

ANNOTATIONS AND PROJECT DESCRIPTIONS

29. PUENTE VALLEY AREA OPERABLE UNIT - Intermediate Zone Remedy (See page 45)

In FY 06/07, the PVOU Responsible Party (Northrop Grumman), began construction on the intermediate zone remedy for the Puente Valley Operable Unit (PVOU). Subsequently, the project was relocated and completely redesigned, with construction on the redesigned facility starting in FY 18/19. The project consists of extraction wells, conveyance pipelines, VOC treatment equipment, ion exchange treatment equipment, UV oxidation treatment equipment and reverse osmosis treatment equipment. It is located on a property acquired by Northrop Grumman. Previously, the WQA Board allocated Restoration funds to offset a portion of the construction costs which had been fully utilized as of FY 21/22. Additionally, in FY 22/23, the WQA Board allocated \$1.0M to the project through the FFPA process, which is included in the FY 23/24 budgeted expenses.

30. PUENTE VALLEY AREA OPERABLE UNIT - Shallow Zone South Remedy (See page 46)

The PVOU Shallow Zone South Remedy located in the City of Industry is being constructed by Northrop Grumman. The project consists of extraction wells, conveyance piping, VOC treatment technology, ion exchange treatment technology, UV oxidation treatment technology and reverse osmosis treatment technology. It will have a design treatment capacity of 300 gpm. Treated groundwater will be discharged to surface water via a NPDES permit.

31. PUENTE VALLEY AREA OPERABLE UNIT - Shallow Zone North Remedy (See page 47)

This project is being implemented by Carrier Corporation to satisfy its responsibility for the PVOU shallow zone north remedy. The project consists of extraction wells, raw water pipelines, centralized treatment facility, treated water pipeline and re-injection wells. The treatment facility will have a capacity of 1,560 gpm and will treat for VOCs and emergent chemicals. Costs are not included for FY 23/24 as construction is not expected to start during the next fiscal year.

32. PUENTE VALLEY AREA OPERABLE UNIT - SGVWC - Plant B24 (See page 48)

The project is located in the City of Industry and involves the construction of a VOC treatment facility utilizing air-stripping technology. The proposed treatment facility will treat Wells B24A and B24B with a design capacity of 5,000 gpm. The WQA Board has allocated Restoration funds to partially offset the cost of construction.

SAN GABRIEL BASIN WATER QUALITY AUTHORITY

OPERATING AND PROJECT EXPENSE BUDGET FISCAL YEAR ENDING JUNE 30, 2024

ANNOTATIONS AND PROJECT DESCRIPTIONS

33. AREA THREE OPERABLE UNIT - City of Alhambra (See page 49)

The City of Alhambra's ("Alhambra") Phase I of its pump and treat program consists of a 1,600 gpm air stripping plant at Well 7. Phase II consists of a centralized treatment plant for the remediation of VOCs, including 1,2,3-TCP. The treatment plant utilizes LPGAC, was designed for a capacity of 5,400 gpm and accepts flow from City Wells Nos. 8, 11, and 12. The treated water is then blended with the treated water from Well No. 7 and conveyed to Alhambra's distribution system. The WQA Board allocated Restoration funds to this project to partially reimburse Alhambra for the Phase I and Phase II costs and to offset a portion of the treatment and remediation costs. As of FY 13/14, all federal funds had been fully utilized by Alhambra. No federal funds have been allocated for FY 23/24. Costs for treatment and remediation have previously been funded by the City of Alhambra. For FYs 18/19, 19/20, 21/22, 22/23, and 23/24 treatment and remediation costs are funded by the SWRCB DFA Proposition 68 grant funds.

34. CITY OF SOUTH PASADENA - WILSON WELLS TREATMENT (See page 50)

The project is located in the City of San Gabriel at the Wilson Reservoir and involves the construction of a 1,2,3-trichloropropane (TCP) treatment facility using granular activated treatment for the removal of TCP with a plant capacity of 3,000 gpm. The treated water is conveyed into South Pasadena's existing distribution system. The WQA Board allocated Restoration funds to partially offset the cost of construction. For FYs 18/19, 19/20, 21/22, 22/23, and 23/24 treatment and remediation costs are funded by the SWRCB DFA Proposition 68 grant funds.

35. CITY OF SOUTH PASADENA - GRAVES TREATMENT (See page 51)

The project is located in the City of San Marino and involves the construction of a VOC treatment technology utilizing granular activated carbon treatment and an ion exchange treatment technology for nitrate treatment. The treatment facility will have a capacity of 1,000 gpm. The project has an estimated cost of \$10.7M. The WQA Board has allocated Restoration funds of \$500K to partially offset the cost of construction.

36. SWRCB DFA Proposition 68 Administrative Costs (See page 52)

The WQA received two SWRCB DFA Proposition 68 grants to cover treatment and remediation costs for ten (10) Water Entities for a total of eighteen (18) treatment facilities located in the San Gabriel Basin. The grants are intended to reimburse the Water Entities for eligible treatment and remediation costs incurred between the period of July 1, 2018 through March 31, 2026. Included in the Administrative Costs for FYs 22/23 and 23/24 are WQA's costs related to the administration of the two agreements that are funded by SWRCB DFA Proposition 68 funds.

NOTE: Annotations 37 to 40 are not applicable for FY 23/24

SAN GABRIEL BASIN WATER QUALITY AUTHORITY

OPERATING AND PROJECT EXPENSE BUDGET
FISCAL YEAR ENDING JUNE 30, 2024

ANNOTATIONS AND PROJECT DESCRIPTIONS

OPERATING EXPENSE BUDGET (See pages 53 - 54)

41. Operating Expenses

41a. Office Facilities

Office facilities includes the monthly lease expense and any related utility costs.

41b. Equipment O&M-Computer Systems

This line item reflects costs associated with maintaining computers and related equipment, the network and its backup system, as well as an internet connection line. Although certain maintenance is performed in-house, the WQA does require the expertise of professional computer consultants. The cost of the consultants are included in the cost category of Outside Consultants: Computer (see 41c. below).

41c. Outside Consultants: Computer

The WQA has engaged an information systems consulting firm to provide for consistent and reliable computer support, with services including maintaining and monitoring servers, workstations and network security. The FY 23/24 budget includes costs related to the consulting firm.

41d. Working Group Activities

During FY 17/18, the WQA began participating in a working group, CEPRD, to assist in the development of a guidance manual for the SWRCB Department of Drinking Water (DDW) Policy 97-005 process. The guidance manual was completed during FY 20/21 and is now available on the DDW website. The project continued with the development of training materials for usage of the guidance manual and policies regarding Chemicals of Emerging Concern (CECs). WQA is currently working with CEPRD to collaborate on emerging contaminant issues with policy makers and the State Water Resources Control Board Division of Drinking Water. The coalition includes Orange County Water District and the Los Angeles Department of Water and Power among others.

41e. Public Information/Relations

Public information costs include basin-wide informational workshops, the issuance of an annual report based on the 406 plan as well as all required public notices that are published in local and regional newspapers which are not attributable to projects. The WQA co-hosts an annual informational workshop jointly with selected other water districts, and hosts several mini-workshops throughout the year. The WQA is also participates in youth outreach programs.

SAN GABRIEL BASIN WATER QUALITY AUTHORITY

OPERATING AND PROJECT EXPENSE BUDGET FISCAL YEAR ENDING JUNE 30, 2024

ANNOTATIONS AND PROJECT DESCRIPTIONS

41f. General Outside Services

The costs for FY 22/23 relate to the lease renegotiations for the WQA office facilities. The budget for FY 23/24 includes the cost of engaging a professional organization to scan additional documents for electronic storage - these documents were not included in the original project in which the bulk of the WQA's documents were scanned.

41g. Travel, Meetings and Conference Expenses

The expenses in this category include mileage reimbursements, airfare, car rental, hotel and out-of-town meals for authorized meetings, such as ACWA, EPA, meetings with legislators in Sacramento and Washington D.C and meetings for contract negotiations, as well as conference registration fees (i.e., ACWA, NGWA) and costs to attend and/or host meetings related to WQA activities.

The total budget is allocated between WQA Board Members and WQA Employees.

Board Member Travel, Meeting & Conference

The FY 23/24 budget projects the amount of WQA-paid expenses that each Board Member incurs up to a maximum of \$4,000 per Board Member.

Employee Travel, Meeting & Conference

This budget category includes staff costs and other costs to attend and/or host meetings related to the WQA activities.

41h. Salaries and Benefits

The WQA currently has five full-time employees, and expects to hire an additional staff person bringing the total to six full-time employees for FY 23/24. Employee equivalents are computed based upon the fraction of the fiscal year that each employee worked in the categories listed below and on the next page.

SAN GABRIEL BASIN WATER QUALITY AUTHORITY

OPERATING AND PROJECT EXPENSE BUDGET FISCAL YEAR ENDING JUNE 30, 2024

ANNOTATIONS AND PROJECT DESCRIPTIONS

41. Operating Expenses (continued)

Category 1: Salaries Allocated by Individual Record Keeping Based on Actual Time to Projects

41i. Salaries and Benefits Paid by Projects

The WQA currently utilizes an internal allocation procedure whereby salaries for technical positions (see Category 1 below) are allocated to projects based on individual record keeping and actual time spent on projects.

Salaries for administrative positions (see Category 2 below) are allocated proportionately to both projects and general administration. The allocation rates are reviewed annually and adjusted based on the projected activities in the operable units. The allocation method is based on level of effort expended for each operable unit.

The categories below reflect the FY 23/24 allocations.

Applicable Positions: Executive Director, Assistant Executive Director, Project Resource Manager, and Executive Assistant/Public Outreach Coordinator.

Category 2: Salaries Allocated by Proportionate Share to Projects and General Administration

2023/2024 Computation: 50.0% ADMIN; 12.9% BPOU - Committee; 2.6% BPOU Non-committee; 6.4% EMOU; 16.1% SEMOU; 5.8% PVOU; 3.1% ATOU and 3.1% Other Projects.

Applicable Positions: Director of Finance and Administrative/Accounting Assistant.

42. Operating Revenues

42a. Interest Income

This line item reflects investment interest earned from the Local Agency Investment Fund (LAIF) and interest income earned from bank accounts. For the current year projected interest income is based on historical interest earnings, projected interest rates, and the projected timing of cash receipts and disbursements. The budgeted interest income for FY 23/24 is estimated based on an average LAIF balance of \$20.0M and includes assumptions about the timing of cash receipts and disbursements. The majority of the funds held by WQA are to be used for reimbursement of costs through FFPA awards, payment of the matching costs for SWCRB grants and costs related to other agreements.

SAN GABRIEL BASIN WATER QUALITY AUTHORITY

OPERATING AND PROJECT EXPENSE BUDGET FISCAL YEAR ENDING JUNE 30, 2024

ANNOTATIONS AND PROJECT DESCRIPTIONS

43. Pumping Right Assessments

The Pumping Right Assessment as established for the FY 23/24 Budget is \$12.00 per acre-foot of prescriptive pumping rights.

Section 605 of WQA's enabling Act, as amended effective January 1, 2004, grants the WQA the authority to impose an annual pumping right assessment not to exceed \$10 per acre-foot. Additionally, Section 608 of the enabling Act grants WQA the authority to annually adjust the assessment rate by an amount not to exceed the percentage change in the regional Consumer Price Index - All Urban Consumers (CPI). The increase in the CPI from 2004 to 2022 is 50.7 percent, resulting in an allowable maximum assessment of \$16.44.

DRAFT

A REGULAR MEETING OF THE SAN GABRIEL BASIN WATER QUALITY AUTHORITY MARCH 22, 2023 AT 12:00 P.M.

With passage and signing of AB 361 and in light of the ongoing Statewide State of Emergency originally declared by Governor Newsom on March 4, 2020, WQA Board Meetings will continue to be conducted via remote teleconferencing, subject to the requirements of Government Code Section 54953(e). Due to the essential nature of the WQA Board Meetings in conducting Authority business, this WQA Board meeting took place online and teleconference.

CALL TO ORDER

The Chairman called the regular meeting of the San Gabriel Basin Water Quality Authority to order and reviewed the actions anticipated on the agenda for the meeting.

ROLL CALL OF BOARD MEMBERS

Mark Paulson, Lynda Noriega, Valerie Munoz, Michael Whitehead, Bob Kuhn, Ed Chavez, and Jeffery Maloney (Alternate)

BOARD MEMBERS ABSENT

Robert Gonzales

STAFF MEMBERS PRESENT

Randy Schoellerman, Executive Director; Stephanie Moreno, Executive Assistant/Outreach Coordinator; Dan Colby, Assistant Executive Director/Senior Project Manager; Mary Saenz, Director of Finance; Jackie Montgomery, Admin/Accounting Assistant; Michelle Sanchez, Admin/Accounting Assistant; Richard Padilla, Legal Counsel

MEMBERS OF THE PUBLIC PRESENT

Gabriel Monares, The Monares Group

MEMBERS OF THE PUBLIC THAT PARTICIPATED VIA ONLINE/TELECONFERENCE

Lenet Pacheco, Valley County Water District; Garry Hofer, California American Water Company; Jessica Taylor, California American Water Company; Chris Lancaster, Civic Publications

PUBLIC COMMENT

None.

ITEMS TOO LATE TO BE AGENDIZED

None.

LEGISLATIVE WORKSHOP

*The Gulaco Group
Kadesh & Associates
The Monares Group*

Mr. Gualco thanked the WQA for being a co-Sponsor of the Bear Flag Republic Seminar and Reception. He indicated the event went well and was attended by many legislators and staff. He reported that Sacramento is adjusting from a budget surplus to a deficit. He reported that the WQA bill AB 279 is moving forward. He noted that it passed out of its first Assembly committee hearing unanimously and is set to be

heard on the Assembly floor very soon. He indicated that the bill should go to the Senate Environmental Quality Committee sometime in April. Finally, he reported that the Board and staff begin considering what WQA's future needs are so they can be included in the forthcoming Climate Natural Resources Bond.

Mr. Kuhn asked if there was anything specific the WQA needs to do to qualify for the Bond.

Mr. Gualco replied that it is essential that WQA be very specific on what level of funding is needed and its use.

Mr. Monares commented that historically what we have done is determine what the San Gabriel Valley needs are and express those needs to San Gabriel Valley Legislative Caucus. The Caucus then advocates those needs be included in any upcoming Bond.

Ms. Noriega commented that given the current state of the deficit, we at the very least have to attempt to get what we can.

Mr. Whitehead commented that we need to be at that table like we have been in the past.

Mr. Maloney asked how much funding was in Prop 68 and how much was WQA awarded.

Mr. Schoellerman replied that ultimately Prop 68 made \$80M available for certain treatment and remediation projects across the state. He indicated that after applying to the WQA received \$35M. He added that there was about \$27M that remained unallocated so there may be some additional funding available.

Mr. Chavez commented that WQA should focus on their needs because it is going to be a challenge getting a water Bond passed considering how much rain we have received recently.

Mr. Kierig from the Kadesh & Associates reported that he just received word from Senator Feinstein's office that she would be putting in a FY 2024 budget request for additional Restoration Funds for the WQA. He noted that the Congress will continue with earmarks despite the change in House leadership. He also reported that they have been working with Congresswoman Napolitano's office to increase the authorization of the San Gabriel Basin Restoration Fund.

Mr. Schoellerman asked for clarification on the different budget levels between the house and the senate and if they were still focused on moving ahead with the appropriations.

Mr. Kierig commented that it was fair to say that they were both moving forward. He noted that because we have an

authorized project in an earmarkable account keeps us in good shape. He also noted that it was unclear how the budget battle will be resolved.

Mr. Schoellerman asked Mr. Kierig if he felt that WQA should make arrangements for its annual visit to Washington, D.C. to meet with legislators.

Mr. Kierig commented that it was up to the Board if they would like to attend meetings with the legislators in-person or via Zoom. He noted that many of the legislators have been very receptive to Zoom meetings.

Mr. Kuhn commented that Senator Feinstein will not be seeking reelection and it would be a good time to start engaging with Senator Padilla and get him more familiar with the WQA.

Mr. Schoellerman commented that we would like to get Senator Padilla out here for a briefing and tour as soon as he is available.

CONSENT CALENDAR

Ms. Munoz moved to approve the consent calendar as presented. Ms. Noriega seconded the motion, and it was approved with the following abstentions:

Mr. Whitehead abstained from Project Demand Nos. E91811.
Ms. Noriega abstained from Project Demand No. E91810.

COMMITTEE REPORTS

Legislative/Public Information Committee

Mr. Schoellerman reported that the minutes for the committee meeting were enclosed for review. He noted that staff was working on an advertorial for Earth Day.

Administrative/Finance Committee

Mr. Schoellerman reported that the minutes for the committee meeting were enclosed for review.

Discussion/Action Regarding Board of Directors Cost of Living Adjustment ("COLA") for Fiscal Year 2023-2024

Ms. Saenz reported that each year at this time the Board considers a cost-of-living (CPI) adjustment for the daily stipend per WQA procedures. She reported that staff presented this to the Administrative/Finance Committee on March 14th. She indicated that the Administrative/Finance Committee recommended increasing the board stipend by \$7.00, from \$150.00 per meeting to \$157.00 per meeting and requested that it go to the full Board for discussion.

Mr. Whitehead commented while he feels that the modest increase may be appropriate because the board members do put in a good deal of time and deserve to be compensated, however, the optics were not right to approve a Board stipend increase while the WQA is currently working to pass legislation to increase the limitation on the assessment.

After detailed discussion, the Board did not take any action on this item.

*Discussion/Action Regarding How
WQA Committee Meetings are
Classified*

Mr. Schoellerman reported that Assembly Bill 2449 effectively creates four periods with differing options for remote access to, and member attendance of, local agency public meetings under the Ralph M. Brown Act (Brown Act). He noted that On December 21, 2022, the WQA Board approved Procedure No. 43 Teleconferencing Policy. This policy affirms the WQA's acknowledgment of the requirements and restrictions set forth under the Brown Act (Government Code Section 54950 et seq.) that permit members of legislative bodies to participate remotely (via teleconference) for meetings of such bodies. He reported that in order to distinguish between Board meetings and Committee meetings as distinct legislative bodies, and to improve compliance with AB2449 and Procedure No. 43, a re-classification of Committee meetings is recommended. He indicated that the Administrative/Finance committee recommended that the WQA no longer classify committee meetings as "Joint Special Meetings", and that the full Board discuss if non-committee board members may continue to receive compensation if they attend a WQA Committee meeting.

Ms. Munoz asked if there was a desire to hold all of the committee meetings on one day instead of two different days. She indicated that she would like to discuss this further at the Legislative/Public Information Committee when Board Member Gonzales is present for the discussion.

Mr. Whitehead commented that the intent behind combining the meetings was to encourage board members especially new board members to participate and get up to date with WQA activities and he believes it to be beneficial to have to non-committee members attend and participate. He commented that it was important to consider the benefits of inviting non committee members to attend committee meetings and compensating them for it because the benefits out way the cost.

Ms. Noriega agreed with many of the comments and agreed that it was important to encourage participation and it could be done by offering compensation. She also commented that compensation should be offered to non-committee members to attend committee meetings in person or via Zoom.

Mr. Paulson asked if a board member would like to be compensated for attending a meeting, shouldn't they attend in person rather than Zoom.

Ms. Noriega commented that compensation has been given for the past three years for attending via Zoom and she didn't feel that attending a meeting via Zoom now is any different.

Mr. Chavez commented that most of the real work is done at the committee level and participation is important whether it is in person or via Zoom.

After detailed discussion, Ms. Munoz moved to no longer classify committee meetings as “Joint Special Meetings”. Ms. Noriega seconded the motion, and it was unanimously approved.

Mr. Whitehead moved to direct staff to bring back an amended policy that would allow board members to receive compensation for attending committee meetings in person or via zoom that they are not a member of.

Ms. Munoz commented that the Legislative/Public Information Committee members will discuss changing the meeting day at their next meeting.

**OTHER
ACTION/INFORMATION
ITEMS**

None.

PROJECT REPORTS

Mr. Colby reported that the staff expects to send out FFPA Award Letters this week. He anticipates that the first reimbursement will be given out at the April Board meeting. He reported that if WQA is successful in securing \$10M for FY 2024 from the Federal requests, that staff will have to hold another credit building exercise to build additional credit to maximize future Restoration Fund awards. He lastly noted that WQA did receive a preliminary award letter for the Proposition 1 Round 3 for the Whitmore Street Groundwater Remediation Facility expansion. It is a \$1.8M grant that requires a 50% match and staff is working with the Division of Financial Assistance to access the funds.

ATTORNEY’S REPORT

Mr. Padilla reported that the PFAS litigation lawsuit has been filed on March 17, 2023. He indicated that staff would have a copy of the complaint if any of the Board Members would like a copy for review.

LEGISLATIVE REPORT

None

**EXECUTIVE DIRECTOR’S
REPORT**

Mr. Schoellerman reported that EPA announced a draft MCL for PFAS at 4ppt. He reported that the Coalition for Environmental Restoration and Development group has been discussing improving the state’s method of establishing regulations of emerging contaminants with DDW including PFAS. He reported that he provided a brief presentation to the City of Irwindale among with Director Gonzales on March 22nd. He noted the initial budget review and draft budget schedule were reviewed at the Admin/Finance committee meeting on March 14th, and that a full review of the budget with 5-year projections was scheduled for the April 11th

Admin/Finance committee meeting. He lastly reported that staff along with the San Gabriel Valley Water Company provided a tour of the B6 treatment facility on Monday for Three Valleys Director Hanlon and his Whittier College class of students along with Director Bob Kuhn.

FUTURE AGENDA ITEMS

None.

**FUTURE BOARD AND
COMMITTEE MEETINGS**

The next Administrative/Finance Committee meeting was scheduled for Tuesday, April 11, 2023, at 10 a.m.

The next Legislative/Public Information Committee meeting was scheduled for Wednesday, April 12, 2023, at 11:00 a.m.

The next WQA Board meeting was scheduled for Wednesday, April 19, 2023, at 12:00 p.m.

CLOSED SESSION

None.

**BOARD MEMBERS'
COMMENTS/
REPORTS**

Mr. Maloney commented that it was nice to meet everyone.

ADJOURNMENT

The Chairman asked if there were any other items of business to come before the Board the meeting was adjourned to April 19, 2023.

Circumstances Requests

PUBLIC COMMENT

None.

Workshop on Draft Budget for Fiscal Year 2023-2024

- a. *Draft Budget*
- b. *Five-Year Projections*

Ms. Saenz reported that the FY 23/24 budget anticipates a \$12/acre-foot assessment. She noted that this would be the 5th consecutive year that the assessment would be held at \$12. She reported that the projected assessment reserves for FY 23/24 would be \$3.4M.

Mr. Schoellerman noted that this was the first time the 5-year projections didn't show a need to increase the assessment

during the period above \$12/AF. He pointed out that the federal funding also benefits all parties that pay WQA's assessment by keeping the assessments lower. He noted that the federal funds are not just a benefit for those that received a direct funding award.

Ms. Saenz reported that Prop 68 brought in \$35.3M for 21 treatment facilities and covers treatment and remediation costs from July 1, 2018 to February 28, 23. She noted the first request was submitted on May 15, 2022 and Division of Financial Assistance (DFA) is still in process of reviewing it. The second request will be submitted after receiving DFA's notes and comments from the first request.

Ms. Noriega commented that on the projection schedule for FY 26/27 there is an increase of about \$600k in the use of assessments and wanted to know what that was for.

Ms. Saenz commented that all of the Prop 68 funds that are currently offsetting the use of assessments will be exhausted coupled with an anticipated increase of legal activity for the BPOU negotiations.

After some discussion the committee recommended that the draft budget be presented at the budget workshop during the April 19th board meeting.

***Report on Cash and Investments –
1st Quarter 2023***

Ms. Saenz reported that the WQA holds its investment funds at the Local Agency Investment Fund (LAIF). The average monthly effective yield for the Pooled Money Investment Account (PMIA)/LAIF for January and February is 2.425% and 2.624%, respectively. The yield for March is 2.8%, and the LAIF quarterly rate for January through March 2022 has not yet been issued.

Ms. Noriega noted that rates have increased enough that higher rates than LAIF might be available with similarly conservative securities and encouraged staff to review additional options.

Mr. Schoellerman indicated that staff was reviewing the additional investment options, including an alternative investment pool suggested by Mr. Michalko.

***Discussion Regarding Amendment
to WQA Policy No. 23***

Mr. Schoellerman reported that at the March 2023 Board meeting, the Board approved that WQA no longer classify committee meetings as "Joint Special Meetings". The Board further approved that non-committee members may continue to receive compensation if they attend a committee meeting.

Mr. Padilla reported that in order to allow compensation to non-committee members WQA's existing Procedure No. 23 – Board Member Reimbursement, Compensation and Ethics Training must be amended. The policy has been amended and

presented for review and discussion.

Mr. Paulson commented that while he won't oppose this policy he feels that if a non-committee member would like to be compensated for attending a meeting they should attend in-person.

Ms. Noriega commented that she respectfully disagreed and felt that since the pandemic it has proven that people can engage remotely and have done it for two years.

However, both Mr. Paulson and Ms. Noriega agreed that compensation was not appropriate for non-members of an ad hoc committee regardless of whether their attendance was in-person or remote.

Mr. Padilla commented that he would amend the policy to reflect the comment made regarding the non-ad hoc committee members' participation.

After detailed discussion, the committee recommended that the policy go to the full board with the suggested changes for the full Board to review and consider.

EXECUTIVE DIRECTOR'S REPORT

Mr. Schoellerman reported that AB 279 passed the Assembly floor and was now headed to the Senate Environmental Quality Committee.

ADJOURNMENT

Ms. Noriega asked if there were any other items of business to come before the committee. There being none, the meeting was adjourned.

Mark Paulson
Chairman

Valerie Munoz
Secretary

DRAFT

SAN GABRIEL BASIN WATER QUALITY AUTHORITY LEGISLATIVE/PUBLIC INFORMATION COMMITTEE AND SPECIAL MEETING OF THE BOARD OF DIRECTORS APRIL 12, 2023 AT 11:00 A.M.

CALL TO ORDER

The Chairman called the regular meeting of the San Gabriel Basin Water Quality Authority to order and reviewed the actions anticipated on the agenda for the meeting.

COMMITTEE MEMBERS PRESENT

Valerie Munoz, Bob Kuhn and Robert Gonzales

WATERMASTER LIASON

None.

COMMITTEE MEMBERS ABSENT

None

OTHER BOARD MEMBERS PRESENT

None

STAFF MEMBERS PRESENT

Randy Schoellerman, Executive Director; Dan Colby, Assistant Executive Director/Senior Project Manager; Stephanie Moreno, Executive Assistant/Public Outreach Coordinator; Mary Saenz, Director of Finance; Michelle Sanchez, Admin/Accounting Assistant; Jackie Montgomery, Admin/Accounting Assistant

MEMBERS OF THE PUBLIC PRESENT

Chris Lancaster, Civic Publications; Gabriel Monares, The Monares Group

Public Comment

None.

REMOTE PARTICIPATION DECLARATION – AB 2449 [Government Code Section 54953(f)]

None.

Discussion Regarding Next Advertorial

Mr. Schoellerman reported that Earth Day publication is out and copies were available.

Mr. Lancaster the next publications were Civic Leadership that would come out in May, California Water that would come out in June, and Community Profiles that would come out in July.

Mr. Kuhn asked if in the California Water Publication, could the story focus on where all the water that we have received in the recent rains going, and explain how it is being captured to address the question is the drought over.

Mr. Lancaster commented that could be the theme story for the overall publication and not necessarily the WQA story in the publication.

Mr. Schoellerman commented that a story like that might be better coming from Watermaster or Los Angeles County, and the WQA could write a story that could accompany it from a groundwater cleanup perspective.

Ms. Munoz commented that she would like to see the WQA participate in school sites more to provide more education about the water industry.

Ms. Moreno commented that she has been in contact with Dr. Shope and he is finishing up his video project and hopes to have a series of video clips that could be used as educational tools by the end of May. She also noted that he will be submitting another proposal for his summer program to the WQA for this next fiscal year.

***Discussion Regarding
Legislative/Public Information
Committee Meetings***

Mr. Schoellerman reported that during the last WQA Board Meeting there was a discussion about changing the time and date of the Legislative/Public Information Committee meetings to align with the Administrative/Finance Committee meetings on the 2nd Tuesday of the month. Additionally, there was a suggestion that the committee discuss if it would like to continue meeting monthly or as necessary.

Mr. Kuhn asked if the committee would like to continue meeting or combine into the monthly Board meeting.

Ms. Munoz commented that it might be better to meet as a committee separately to avoid overloading the WQA Board meetings each month.

Mr. Gonzales commented that he found it beneficial to meet as a committee separately from the Board and was fine with moving the committee meeting to Tuesday morning.

After detailed discussion, the committee decided to change the normal meeting day and time to the second Tuesday of the month at 9am.

Mr. Schoellerman noted that in the month of May the committee will actually be meeting on the third Tuesday due to the ACWA Conference.

Legislative Activities/Reports

- a. AB 279 – Mr. Monares reported that the bill passed the assembly and is now waiting to be assigned to committee in the Senate.
- b. State – No Report
- c. Federal – Mr. Schoellerman reported that he received a call from the Bureau of Reclamation to verify the appropriation requests that have been received for FY 24. Additionally, he noted that in-person D.C. meetings aren't necessary at this time. However, he expected to be scheduling some informational remote meetings.

EXECUTIVE DIRECTOR'S REPORT

None.

ADJOURNMENT

Mr. Kuhn asked if there were any other items of business to come before the committee. There being none, the meeting was adjourned.

Mark Paulson
Chairman

Valerie Munoz
Secretary

San Gabriel Basin Water Quality Authority

1720 W. Cameron Avenue, Suite 100, West Covina, CA 91790 • 626-338-5555 • Fax 626-338-5775

To: WQA Board of Directors
From: Randy Schoellerman, Executive Director
Date: April 19, 2023
Subject: Updated Procedure No. 23 – Board Member Reimbursement, Compensation and Ethics Training

Background and Discussion

At the March 2023 Board meeting, the Board approved that WQA no longer classify committee meetings as “Joint Special Meetings”. The Board further approved that non-committee members may continue to receive compensation if they attend a committee meeting.

In order to allow compensation to non-committee members WQA’s existing Procedure No. 23 – Board Member Reimbursement, Compensation and Ethics Training must be amended. The Board directed staff to bring the amended Procedure No. 23 to the April Administrative Finance Committee for discussion.

At the April 11, 2023 Administrative/Finance committee it was further recommended that non-ad hoc committee members not be compensated for attending such meetings. Therefore, the Procedure No. 23 language was modified accordingly.

Recommendation / Proposed Action

Approve the amended Administrative Procedure No. 23 Board Member Reimbursement, Compensation and Ethics Training Policy.

BOARD MEMBER REIMBURSEMENT, COMPENSATION AND ETHICS TRAINING:

Sections:

- I. Purpose of Policy**
- II. Additional Objectives of the Authority**
- III. Compensation-Daily Stipend**
- IV. Reimbursement**
- V. Reimbursement Procedure**
- VI. Additional Reimbursement Policies**
- VII. Additional Political Campaign Activity Procedures**
- VIII. Ethics Training**

I. Purpose of Policy

To establish practical, fiscally responsible and legally compliant rules and procedures for (i) compensating Board members for attendance at Board meetings, meetings of advisory bodies, conferences and educational activities and other specified occurrences; and (ii) the reimbursement of Board members for actual and necessary expenses incurred in the performance of official duties, including reimbursement for travel, lodging and food expenses associated with Board-related business activities.

II. Additional Objectives of Authority.

A purpose of the Authority is to seek State and Federal funding to assist it in cleaning up contaminated groundwater in the San Gabriel Basin. The Authority, like other public agencies in California, is authorized to conduct lobbying activities, including attempts to educate, influence and convince State and Federal public officials to support the Authority's objectives.

Board Members are encouraged to attend conferences, conventions, meetings, educational courses and seminars (~~herein referred to as "Activity" or "Activities"~~) relating to the mission of the Authority.

III. Compensation – Daily Stipend

A. Attendance at Board Meetings. As last adjusted in July ~~2014~~ 2022 ~~and as reaffirmed by the adoption of Board Resolution Ordinance No. 16-005~~ 2022-1 approved-adopted May-April 1220, 2016 2022, each member of the Board shall receive a per meeting stipend in the amount of One Hundred and ~~Forty Nine~~ Fifty Dollars ~~and Forty Three Cents (\$149.43~~ 150.00) per day (hereinafter, the “Daily Stipend”)* for the Board members actual attendance at each regular meeting of the Board in accordance with, and subject to, the limitations and restrictions of, Section 134-512 of the Water Code Appendix and Section 20201 of the Water Code as the same may be modified from time to time by the California legislature. The Daily Stipend may only be given for those meetings and Activities identified under this Section III.

~~ EDITOR'S NOTE: The Daily Stipend, also referred to as a “director fee” was last adjusted in July 202214 to its current rate of \$150.0049.43. The rate of \$150.0049.43 per day was reaffirmed by the Board by adoption of Ordinance Resolution No. 2022-1-00116-005 on April 20, 2022May 18, 2016.~~*

B. Non-Regular Meetings of the Board. Members of the Board may also receive the Daily Stipend for actual attendance at the following non-regular meetings of the Board, provided such non-regular meetings are not held on the same day as a regular meeting of the Board: special meetings, emergency meetings, adjourned regular meetings and adjourned special meetings. Should any meeting of the Board last past 12:00 a.m., a Board Member shall receive the Daily Stipend only for the day the meeting started.

C. Advisory Committee Meetings. As authorized pursuant to Water Code Section 20201 and Government Code Section 53232.1(a)(2), Board Members who are also sitting members of any standing or ad hoc advisory committee of the Board may receive the Daily Stipend for their attendance and participation in any meeting of a standing or ad hoc advisory committee. A Board Member who is a member of a standing committee subject to the Brown Act may participate in meetings of the committee and be counted as present when he or she participates in person or remotely in compliance with Government Code Section 54953. A Board Member may also attend meetings of a standing committee of which he or she is not a member but may not be counted toward the quorum of such a committee and should refrain from offering comment during such meetings. A Board Member who attends a meeting of a standing committee of which he or she is not a member may also receive the Daily Stipend for such attendance whether the Board Member attends in person or remotely by means of an Authority determined telephonic or online audio/visual connection. A Board Member who participates remotely for a meeting of a standing committee of which he or she is not a member does not need to comply with Government Code Section 54953 to attend remotely. Board Members who attend a meeting of a standing or ad hoc advisory committee of which they are not a member may receive the Daily Stipend for attendance at such meetings

D. Other Board Authorized Activities for which the Daily Stipend May be Received.

1. Each Board member may receive the Daily Stipend for their attendance at, and participation in, an Activity, as the term “Activity” is defined below, provided such attendance and participation by an individual Board Member is undertaken either at the request of the Board by motion

or resolution or has been pre-authorized by the Board under this policy.

2. If an Activity involves a Board Member's representation of the Authority on the governing body of another public agency that separately provides compensation for attendance at its meetings the Board Member shall not be entitled to receive the Daily Stipend from the Authority for attending such meetings of the governing body of a public agency in which the Authority Board Member is serving as a representative of the Authority. If a Board Member is unable to attend a meeting of another public body for which he/she has been appointed to represent the Authority, he/she is to notify staff in a timely manner so that the designated alternate Board Member may be timely contacted and instructed to attend in the primary representative's absence. If the alternate Board Member attends the meeting in place of the primary representative of the Authority, it is the alternate Board Member who will receive the Daily Stipend for actual attendance, not the primary representative. Also, if both the primary Board Member and the alternative Board Member attend a meeting of an outside public body of which both Board Members serve as primary and alternative representatives, respectively, only the primary Board Member may receive the Daily Stipend for attendance at the meeting, not the alternate representative.

3. Should an Activity last past 12:00 a.m., the Board Member shall receive the Daily Stipend only for the day the Activity started.

E. "Activity" Defined. For purposes of this Section III, the term "Activity" means:

(i) attendance by a Board Member at any official meeting of another public body where the Board Member serves as the Authority's official representative on the other public body; or

(ii) a conference or organized educational activity conducted in compliance with subdivision (c) of Section 54952.2 of the Government Code; or

(iii) any other event, function, meeting (e.g., meetings of Board-created *ad hoc* committees), activity or occurrence which directly promotes the mission and interests of the Authority; or

(iv) time spent traveling to and from an Activity that is more than fifty (50) miles from the territory of the Authority on the day immediately preceding the scheduled start date of the Activity and the day immediately following the end date of the Activity.

For purposes of this subsection, the conferences, events, functions, meetings, activities and occurrences specifically listed in Exhibit A to this Administrative Procedures No. 23 are deemed to satisfy the criteria set forth under this subsection above and prior approval of the Board for attendance at such Activities shall not be required.

F. Non-Eligible Activities. Activities for which the Daily Stipend may not be granted include:

(i) Purely ceremonial events, parades, festivals, holiday events, retirement dinners and other social events;

- (ii) Meetings of a partisan political organization or other like function; and
- (iii) Fundraising and other campaign type events of any type, including, but not limited to local, state or federal campaign events for elected officials or ballot initiatives; and
- (iv) Junkets or other pleasure or leisure-type travel.

G. Limit on Receipt of Daily Stipend.

1. Consistent with Section 134-512 of the Water Code Appendix and Section 20202 of the Water Code, in no event may a Board Member receive the Daily Stipend for actual attendance at any number of Board meetings, standing advisory committee meetings, ad hoc advisory committee meetings or Activities referenced under subsections A through E, above, that exceed six (6) in a given calendar month.

2. If a Board Member attends two or more Authority Board meetings, standing advisory committee meetings, ad hoc advisory committee meetings, Activities or combination thereof on the same day, he or she may not receive the Daily Stipend for attending each such event but instead shall receive the Daily Stipend for that day as if he or she only attended one such event.

3. If a Board Member who sits on the Board as the representative of another public agency receives a stipend or other similar compensation from the public agency he/she represents for attendance at any sort of Board meeting, committee meeting or Activity, then such Board Member shall not receive the Daily Stipend from the Authority for attending any such Board meeting, committee meeting or Activity, however if the amount of the daily stipend or daily compensation received by the Board Member from the other public agency is less than the amount of the Daily Stipend, the Board Member may receive the difference between the Authority's Daily Stipend and the other public agencies daily stipend or daily compensation amount. Receipt of this partial amount of the Daily Stipend will, however, count toward the monthly cap referenced under subsection (G)(1) of this subsection, above. A request to receive partial payment of the Daily Stipend pursuant to the preceding sentence shall be included with the Board Member's submission of his/her Authority Expense Sheet.

H. Increases to the Daily Stipend. Subject to the procedures and restrictions set forth under Water Code Sections 20200 through 20204* and Water Code Section 71255 as the same may be amended from time to time, the Board, no more than once each fiscal year, may take action to increase the Daily Stipend by an amount equal to the lesser of the following:

- (i) the annual percentage change in the January Consumer Price Index (CPI) for the Los-Angeles-Long Beach-Anaheim CA area, Consumer Price Index, All Items, 1982-84=100 for All Urban Consumers (CPI-U); or
- (ii) five percent (5%) for each calendar year following the operative date of the last adjustment.

Such increases shall not take effect until the later of the following: (i) July 1st of the fiscal

year immediately following the fiscal year in which the increase is finally adopted by the Board; or (ii) 60 calendar days from the date the increase is finally adopted by the Board. The foregoing notwithstanding and pursuant to Water Code Appendix Section 134-512, in no event may the amount of the Daily Stipend exceed the amount set for members of the governing boards of municipal water districts as the amount may be calculated pursuant to Water Code Sections 20202 and 71255.

*Water Code Section 20203 provides that no ordinance to increase compensation shall be adopted except following a public hearing. Notice of the public hearing shall be published in a newspaper of general circulation pursuant to Government Code Section 6066. Government Code Section 6066 provides that publication pursuant to its provisions shall be once a week for two successive weeks. Government Code Section 6066 also states that two publications in a newspaper published once a week or more often, with at least 5 days intervening between the respective publication dates not counting such publication dates, are sufficient. The period of notice commences upon the first day of publication and terminates at the end of the 14th day, including therein the first day.

IV. Reimbursement

A. The reimbursement procedures set forth under this Section IV only apply to a Board Member's attendance and participation at an event, function or other occurrence that is defined as an Activity, above, or which is otherwise expressly provided for under this Section. Reimbursement as contemplated under this Section IV, shall not be afforded incident to a Board Member's attendance at, or participation in, any meeting referenced under subsections A through C of Section III (Compensation – Daily Stipend), above. The foregoing notwithstanding, reimbursement authorized per subsection B.3 of this Section below may be given incident to attendance at meetings referenced under subsections A through C of Section III, above.

A. Expense reimbursement, subject to the limitations set forth below, shall include the following:

1. Registration Fees, or other similar charges for attendance at any Activity defined under Section III, above.
2. Travel/Transportation Fees (coach air fares, taxi, car rental, shuttle)
3. Mileage for the use of the Board member's own vehicle (to and from Board meetings, committee meetings, or any pre-approved seminar etc.) Mileage reimbursement shall be given when personal vehicles are used for Authority business. The Authority reimbursement rate for mileage by use of a Board member's own vehicle shall be calculated on the basis of total miles driven for Authority purposes at the rate specified in the Internal Revenue Code in effect at the time of the vehicle usage.
4. Parking Fees
5. Room accommodations (excluding: Laundry service & personal entertainment)
6. Meals (excluding alcoholic beverages)
7. Telephone Charges (telephone calls or teleconference calls relating to Authority business only)

C. Board members shall be reimbursed for actual and necessary expenses incurred or necessary to incur in order to attend Activities, not to exceed:

1. Registration Fees: The Authority reimbursement rate for registration or other charges to attend an authorized Activity shall be the actual amount incurred, not to exceed the maximum published rate after applying all applicable deductions for any available discounts. In the event that a Board Member must withdraw from a conference or activity after registration and payment has been made, and a refund or credit may not be obtained from the organizing group or agency, the expense will be charged against the Board Members annual budget limit. However, if a credit may be obtained and applied by the Authority for a future conference or activity of the same type or by the same organization, the expense account of the Board Member will not be debited until such time that the credit is applied or expires, if applicable.
2. Travel/Transportation: Board Members must use government or group rates offered by a provider of transportation services for travel when available. If such rates are not available, the Authority reimbursement rate for Board Member air transportation shall be the actual amount incurred, not to exceed the cost of round-trip coach air fare. If a Board Member is required to make use of a motor vehicle owned by a third-party entity (e.g., rental car, subway, bus, shuttle, taxicab or transportation network company such as Uber or Lyft) incident to authorized travel outside of Los Angeles County, such transportation shall be reimbursed up to the actual cost of such services. Motor vehicle rentals shall be limited to economy or compact motor vehicle rentals.
2. Meals: \$100 per day
 - per person (may include identified and authorized Authority guests as they relate to Authority business)
 - meals not reimbursed if paid with registration, except when unforeseen circumstances occur which relate to Authority business
3. Lodging: \$300 per night or lowest market/seasonal rate available subject to the following restrictions:
 - lodging costs will be paid only if the Board Member is attending an Activity held more than fifty (50) miles from the territorial boundaries of the Authority.
 - In accordance with Government Code Section 53232.2, if lodging is in connection with a conference or organized educational activity conducted in compliance with subdivision (c) of Government Code Section 54952.2, lodging costs shall not exceed the maximum group rate published by the conference or activity sponsor, provided that lodging at the group rate is available to a Board Member at the time of booking. If the group rate is not available, the Board Member shall use comparable lodging that is consistent with the requirements of subdivisions (c) and (e) of Government Code Section 53232.2 which require reliance upon lodging rates set forth under IRS Publication 463 and the use of government and group rates offered by a provider of lodging services when available.
4. Other Actual and Necessary Expenses: Authority reimbursement of all other actual and

necessary expenses incurred by a Board Member shall be computed using the applicable Internal Revenue Service rates for reimbursement as established in Publication 463, or any successor publication subject to an overall maximum daily limit of \$50 per day. Such other actual and necessary expenses may include reasonable tips up to 15% of the incurred cost per transaction.

D. The foregoing notwithstanding, to the extent available, Board Members must use government or group rates for transportation and lodging, if available. In addition, when lodging to be reimbursed is for an organized educational conference that would qualify for attendance under the Ralph M. Brown Act (Government Code Section 54950 et seq.), including ethics training, the reimbursement cannot be more than the group rate published by the conference, assuming it is available at the time the reservation is made. If the group rate is not available, then the amount of the reimbursement may not exceed the amounts set forth above under subsection C.

E. When the amount to be expended or reimbursed is anticipated to exceed the amounts set forth above, the expenditure must be approved by the Board at a public meeting before it is incurred.

F. Prohibition Against Duplicative Reimbursement.

1. It is acknowledged that a Board Member may be eligible to receive reimbursement for the same varieties of expenses from both the Authority and another entity or public agency of which the Board Member is also member or representative. If a Board Member has already received reimbursement for a specific expense or set of expenses from another entity or public agency, then the Board Member shall only be able to receive compensation for those eligible expenses that have not already been paid for by the other entity or public agency. If a request for reimbursement is pending (but not yet approved) with another entity or public agency, the Authority shall postpone the processing of a reimbursement request submitted to the Authority until such time as the request made to the other entity or public agency has been fully processed and completed. The Authority reserves the right to contact such entities and public agencies to verify whether or not a Board Member has received or is seeking reimbursement for an expense or set of expenses that the Board Member is also claiming from the Authority. In the event the Authority determines that a Board Member has been compensated by both the Authority and another entity or public agency for the same claimed expense or set of expenses, the Authority, in addition to, and cumulative, with any other remedies available to it at law or in equity, may deduct the amount of the duplicative reimbursement paid by the Authority from: (i) any other pending sums that may be owed to the Board Member; (ii) the Board Member's annual reimbursement budget; or (iii) any combination thereof.

2. If the Board Member is representing the Authority and another entity or public agency by attending or participating in an Activity, defined above, the Board Member must prorate the expenses based on the amount of representation time. The Board Member shall not be reimbursed the total amount of such expenses if another entity or public agency is also providing reimbursement to the Board Member.

G. The total amount of reimbursement for eligible expenses received by any Board Member in a single fiscal year may not exceed the aggregate sum of Four Thousand Dollars

(\$4,000). The foregoing notwithstanding, the Board, on a case-by-case basis and in its sole and absolute discretion, reserves the right to authorize reimbursement for eligible expenses that are proposed to be incurred in excess of the \$4,000 per fiscal year limit, provided approval to incur such additional actual and necessary expenses is obtained from the Board prior to such excess costs or expenses being incurred. The Board shall be under no obligation to consider or approve the reimbursement of any costs or expenses in excess of the \$4,000 per fiscal year limit which have been incurred without the prior approval of the Board and Authority staff shall have no authority to disburse reimbursement sums without direction from the Board.

V. Reimbursement Procedure

A. In order to obtain reimbursement for eligible actual and necessary expenses incurred incident to a Board Member's participation at an authorized Activity the following procedures must be followed:

1. Board Members shall submit an expense sheet ("Authority Expense Sheet") detailing the date(s) of each qualifying Activity and describing the Activity. The Authority Expense Sheet shall include an itemization of all actual and necessary expenses incurred incident to the Board Member's attendance at, and participation in, any of the types of meetings, events, functions or other occurrences identified under subsections A through D of Section III, above, for which reimbursement is authorized. The itemization shall explain the relationship of the expense for which the Board Member seeks reimbursement to the Board Member's participation the meeting, event, function or occurrence. Claimed expenses that bear no reasonable relationship to a Board Member's participation in an authorized meeting, event, function or occurrence may be disallowed by the Authority. Except as otherwise provided under this Section, each Authority Expense Sheet shall be accompanied by supporting documentation in the form of original receipts and/or invoices corresponding to each itemized expense for which reimbursement is sought. At the next regular meeting of the Board immediately following a Board Member's attendance at an authorized Activity for which a Board Member receives the Daily Stipend and/or requests reimbursement for actual and necessary expenses incurred, the Board Member shall give a brief oral or written report regarding the Activity. It is the responsibility of each Board Member, and not of Authority staff to provide/submit a Board Member's report.
2. Authority Expense Sheets submitted by Board Members shall be included in the agenda packet for the next regular meeting of the Board immediately following the Activity which the Board Member attended and shall be part of the Board Member's monthly report. If the receipt of the Daily Stipend and/or the requested reimbursement for actual and necessary expenses satisfies the requirements of this policy, then the Board shall ratify the Board Member's receipt of the Daily Stipend and/or requested reimbursement. If the request is not ratified, the monthly expense report will be reduced by any expenses not approved by the Board.
3. Written reports, which may be in the form of flyers, invitations, agendas or any similar document, shall be held in the Authority's files with the corresponding expense sheet and will be available upon request by the public. Written reports shall be included in the agenda packet at the next regular meeting of the Board immediately following the

Activity.

4. The Authority Expense Sheets must be submitted within thirty (30) days of the last day of the month in which the Activity occurred. Example: Activity occurred on May 15th. Expense sheet must be submitted to staff no later than June 30.
5. With the exception of expenses that normally would not involve the generation of a printed receipt or invoice (e.g, tips or mileage reimbursement), any expense shown on Authority Expense Sheets must have a corresponding, attached written receipt. The foregoing notwithstanding, to the extent mileage reimbursement is sought, Board Members shall maintain a travel log indicating the date of travel, the distance traveled, the address of the point of departure and the address of the point of destination, and the purpose in traveling to the point of destination.
6. All Authority Expense Sheets and all receipts attached to them shall be public documents subject to redaction of any confidential information, such as credit card numbers.

VI. Additional Reimbursement Policies

Cash advances are not available. Any expenses incurred by the Board Member for a spouse, dependent, or guests (other than those guests authorized under Section IV.C.2., above), are not covered by the Authority. The Authority will only reimburse expenses specifically relating to a Board Members attendance and participation at an authorized Activity. Board members will not be issued Authority credit cards or car allowances.

VII. Additional Political Campaign Activity Procedures

Board members shall not engage in political campaign activities while at the Authority's facilities. Board members shall not use Authority resources, including, but not limited to, personnel, phones, faxes, copiers or computers for political campaign activity. Board members shall not use the Authority's name, letterhead or logo for political campaign activity. Board members shall not solicit political contributions from employees of the Authority or use, promise, threaten or attempt to use their authority or influence to affect Authority personnel decisions as a result of the political contributions or political activities, or lack thereof, of any person.

VIII. Ethics Training

Each Board member, except for Board members whose term of office ends before January 1, 2007, must receive ethics training before January 1, 2007. Thereafter, ethics training must be received at least once every two years. For any Board member whose term of office begins after January 1, 2006, that Board member must receive ethics training within one year from the first day of service with the Authority. Thereafter, the Board member will also be required to receive ethics training at least once every two years. A Board member who serves on more than one local agency board may satisfy the requirement under this section by obtaining ethics training once every two years without regard to the number of local agencies with which he or she serves. The Authority shall provide information annually on where training is available. All Board Members shall provide a copy of proof of participation in the required ethics training to the Authority. Copies of proofs of participation shall be public documents and shall be retained by

|

the Authority for five (5) years.

AGENDA SUBMITTAL

To: WQA Board of Directors
From: Randy Schoellerman, Executive Director
Date: April 19, 2023
Subject: **Report on Cash and Investments – 1st Quarter 2023**

Discussion

Attached for your review is the quarterly report on cash and investments as of March 31, 2023

SGBWQA holds its investment funds at the Local Agency Investment Fund (LAIF). The average monthly effective yield for the Pooled Money Investment Account (PMIA)/LAIF for January, February, and March is 2.425%, 2.624%, and 2.831%, respectively. The LAIF quarterly rate for January through March 2023 has not yet been issued.

SGBWQA holds its cash funds at Bank of the West (BOTW). Funds held at BOTW exceed the FDIC insured limit of \$250,000. All funds in excess of the FDIC limits are collateralized by BOTW in accordance with California Government Code Title 5, Division 2, Part 1, Chapter 4, Article 2 – Deposit of Funds.

**SAN GABRIEL BASIN
WATER QUALITY AUTHORITY**

RESOLUTION OF THE BOARD MEMBERS COMMENDING

Michael L. Whitehead

Whereas, **MICHAEL L. WHITEHEAD** served as a Board Member of the San Gabriel Basin Water Quality Authority “Authority” from 2001 to 2023 representing groundwater producers in the Main San Gabriel Basin, and in recognition of the valuable leadership he provided to the Authority during his tenure; and

Whereas, **MICHAEL L. WHITEHEAD** served as a member of the Administrative/Finance Committee of the San Gabriel Basin Water Quality Authority; and

Whereas, **MICHAEL L. WHITEHEAD** served as a court-appointed member of the Main San Gabriel Basin Watermaster and Chino Basin Watermaster boards; and

Whereas, **MICHAEL L. WHITEHEAD** has served with distinction on various Community and Civic Boards and Committees where he has shared his insight on water resources and water quality related issues; and

Whereas, because of this commitment to groundwater quality issues, **MICHAEL L. WHITEHEAD** has provided outstanding contributions to ensure the San Gabriel Basin Water Quality Authority’s successful development as a groundwater cleanup agency for the benefit of the residents and all water users of the San Gabriel Valley; and now therefore

In Recognition Thereof, the Board Members of the San Gabriel Basin Water Quality Authority commend **MICHAEL L. WHITEHEAD** for his dedicated public service, and commitment to ensuring a safe, reliable, and affordable supply of water to all water users in the San Gabriel Valley.

Adopted, Signed, and Approved this 19th day of April 2023

Mark Paulson, Chairman

Lynda Noriega, Vice-Chairwoman

Valerie Munoz, Secretary

Bob Kuhn, Board Member

Ed Chavez, Board Member

Robert Gonzales, Board Member
