When practical, these public records will also be made available on the Authority's internet web site, accessible at www.wqa.com.

DRAFT

A REGULAR MEETING OF THE SAN GABRIEL BASIN WATER QUALITY AUTHORITY APRIL 19, 2023 AT 12:00 P.M.

CALL TO ORDER	The Chairman called the regular meeting of the San Gabriel Basin Water Quality Authority to order and reviewed the actions anticipated on the agenda for the meeting.
REMOTE PARTICIPATION DECLARATION – Ab 2449	None.
ROLL CALL OF BOARD MEMBERS	Mark Paulson, Lynda Noriega, Valerie Munoz, Michael Whitehead, Bob Kuhn, Ed Chavez, and Robert Gonzales
BOARD MEMBERS ABSENT	None
STAFF MEMBERS PRESENT	Randy Schoellerman, Executive Director; Stephanie Moreno, Executive Assistant/Outreach Coordinator; Dan Colby, Assistant Executive Director/Senior Project Manager; Mary Saenz, Director of Finance; Jackie Montgomery, Admin/Accounting Assistant; Michelle Sanchez, Admin/Accounting Assistant; Richard Padilla, Legal Counsel
MEMBERS OF THE PUBLIC PRESENT	Gabriel Monares, The Monares Group
MEMBERS OF THE PUBLIC THAT PARTICIPATED VIA ONLINE/TELECONFERENCE	Lenet Pacheco, Valley County Water District; Garry Hofer, California American Water Company; Marty Zivirbulis, San Gabriel Valley Water Company; Jody Roberto, Three Valleys MWD; Steve Kiggins, San Gabriel Valley MWD; Jose Martinez, Valley County Water District
PUBLIC COMMENT	None.
ITEMS TOO LATE TO BE AGENDIZED	None.
PUBLIC HEARING	
<i>“Draft Budget for Fiscal Year 2023/2024”</i>	The Chairman opened the public hearing to receive comments on the draft budget for fiscal year 2023/2024. There being no comments the public hearing was closed.
WORKSHOP	
<i>“Budget Workshop for Fiscal Year 2023/2024”</i>	Ms. Saenz reviewed the draft budget for fiscal year 2023/2024 with the Board. She reported that there is a total of 197,610

acre feet of prescriptive pumping rights in the Basin and the WQA assessment is budgeted at \$12 per acre foot, for total assessment funding of \$2,371,320.

Mr. Schoellerman noted that this will be the fifth year that the assessment will be at \$12 per acre foot.

Ms. Saenz reviewed the assessment reserves and WQA's Reserve Fund policy and the effect that the FY 23/24 budget would have on the annual assessment level necessary to fund the WQA's operations.

Mr. Kuhn asked if staff was factoring in inflation and how does it affect the budget.

Ms. Saenz commented that inflation is factored in for the next four years for operating expenses.

Mr. Chavez asked if the \$20M that the WQA was awarded helped keep the assessment at \$12.

Ms. Saenz commented that it does for now. She noted that the federal money that WQA receives is used through the FFPA process for project costs. She indicated that the \$20M cannot be used to cover WQA's regular operating costs.

Ms. Noriega commented that in regards to increasing the assessment over time, the producers appreciate gradual increases over large ones.

CONSENT CALENDAR

Ms. Munoz moved to approve the consent calendar as presented. Mr. Gonzales seconded the motion, and it was approved with the following abstentions:

Mr. Whitehead abstained from Project Demand Nos. E91840.

Ms. Noriega abstained from Project Demand No. E91839.

COMMITTEE REPORTS

Legislative/Public Information Committee

Mr. Schoellerman reported that the minutes for the committee meeting were enclosed for review. He also reported that the committee has changed their regular meeting date and time to the second Tuesday of the month at 9:00am.

Administrative/Finance Committee

Mr. Schoellerman reported that the minutes for the committee meeting were enclosed for review.

Discussion/Action Regarding Amendment to Policy No. 23

Mr. Schoellerman reported that at the March 2023 Board meeting, the Board approved that WQA no longer classify committee meetings as "Joint Special Meetings". The Board further approved that non-committee members may continue to receive compensation if they attend a committee meeting. He indicated that in order to allow compensation to non-committee members WQA's existing Procedure No. 23 – Board Member

Reimbursement, Compensation and Ethics Training must be amended. He noted that the Board directed staff to bring the amended Procedure No. 23 to the April Administrative Finance Committee for discussion. He reported that the committee reviewed the suggested changes and recommended it for approval.

Ms. Noriega asked about the comments regarding compensation for non-ad hoc committee members and if those comments were incorporated in the changes made to the policy.

Mr. Schoellerman commented that the Administrative/Finance committee recommended that non-ad hoc committee members not be compensated for attending such meetings. Therefore, Procedure No. 23 language was modified accordingly.

After brief discussion, Ms. Munoz moved to approve the amendments to Policy No. 23. Mr. Kuhn seconded the motion and it was approved.

*Report on Cash and Investments –
1st Quarter 2023*

Ms. Saenz reported that WQA holds its investment funds at the Local Agency Investment Fund (LAIF). The average monthly effective yield for the Pooled Money Investment Account (PMIA)/LAIF for January, February, and March was 2.425%, 2.624%, and 2.831%, respectively. She noted that the LAIF quarterly rate for January through March 2023 has not yet been issued.

**OTHER
ACTION/INFORMATION
ITEMS**

***Resolution No. 23-005,
Commending Michael L.
Whitehead***

Mr. Kuhn read Resolution No. 23-005 commending Michael L. Whitehead for his years of service. He indicated that he will truly be missed. The WQA Board also presented the WQA Water Drop Award to recognize Mr. Whitehead for his service on the WQA Board.

Ms. Noriega moved to adopt Resolution No. 23-005, Commending Michael L. Whitehead for his years of service to the WQA Board of Directors. Ms. Munoz seconded the motion, and it was adopted by the following roll call vote:

AYES: PAULSON, NORIEGA, MUNOZ, KUHN, CHAVEZ,
GONZALES

NO: NONE

ABSTAIN: WHITEHEAD

PROJECT REPORTS

Mr. Colby reported that the Department of Toxic Substances Control has initiated weekly meetings with WQA and EPA to coordinate the takeover of the SEMOU remedy as the lead

agency. He reported that EPA has a new project Manager named Holly Arrigoni. He also reported that 10 of the 12 sites for the Prop 1 site investigations have been completed. He lastly noted that in the agenda packet the first FFPA award has been paid to La Puente Valley County Water District.

ATTORNEY'S REPORT

Mr. Padilla reported that there was no need for a closed session. He also reported that staff is working on a fact sheet to accompany the complaint filed for the PFAS lawsuit.

LEGISLATIVE REPORT

None

EXECUTIVE DIRECTOR'S REPORT

Mr. Schoellerman reported that staff continues to work on the Federal Funding request for fiscal year 2024. He reported that WQA's bill AB 279 has no opposition and is waiting to be assigned to Senate committee. He also reported that Congresswoman Napolitano is holding a meeting to get an update from the water districts in the Valley on May 3, 2023 at the Upper District office. He noted that he would be on vacation that day and that Mr. Colby would provide an update on behalf of the WQA. He reminded everyone that the ACWA Conference is going to be in Monterey, CA and will begin on May 8, 2023. He lastly reported that he gave presentations to the Alhambra Rotary Club and the Monrovia City Council on April 18, 2023. He congratulated Mr. Whitehead on his retirement and thanked him for the time he was able to work with him as Executive Director.

Ms. Noriega commented about EPA PFAS standard comments deadline and encouraged everyone to draft letters for submittal.

Mr. Schoellerman commented that he was signed up to attend EPA's hearing on May 4th and would be providing verbal comments.

FUTURE AGENDA ITEMS

None.

FUTURE BOARD AND COMMITTEE MEETINGS

The next Legislative/Public Information Committee meeting was scheduled for Tuesday, May 16, 2023, at 9:00 a.m.

The next Administrative/Finance Committee meeting was scheduled for Tuesday, May 16, 2023, at 10 a.m.

The next WQA Board meeting was scheduled for Wednesday, May 14, 2023, at 12:00 p.m.

CLOSED SESSION

None.

BOARD MEMBERS' COMMENTS/REPORTS

Mr. Chavez commented that he was first introduced to Mr. Whitehead back when he worked for Assemblymember Sally Tanner and learned that he was a great educator for water issues to the elected officials. He noted that the San Gabriel

Valley was indebted to him for his work as he is.

Mr. Kuhn commended Mr. Whitehead and expressed that his contributions to the Valley will be here for a long time and thanked him for all he has done during his time on the Board.

Ms. Munoz commented that Mr. Whitehead had so much knowledge and experience and that she was grateful that she was able to serve with him.

Mr. Gonzales commented that he appreciated the brief time he was able to serve with Mr. Whitehead and congratulated him on his retirement.

Ms. Noriega commented that when she was moving up in the water industry everyone told her to listen to Mr. Whitehead. She thanked him for all that he has done.

Mr. Paulson thanked Mr. Whitehead for his dedication and knowledge that he has brought to this Board.

Mr. Whitehead commented that he was humbled by all of the comments. He noted that nothing could have been achieved without unity and he is very impressed on how smoothly this agency runs.

ADJOURNMENT

The Chairman asked if there were any other items of business to come before the Board the meeting was adjourned to May 24, 2023.

Mark Paulson
Chairman

Valerie Munoz
Secretary

DRAFT

SAN GABRIEL BASIN WATER QUALITY AUTHORITY LEGISLATIVE/PUBLIC INFORMATION COMMITTEE MAY 16, 2023 AT 11:00 A.M.

CALL TO ORDER	The Chairman called the regular meeting of the San Gabriel Basin Water Quality Authority to order and reviewed the actions anticipated on the agenda for the meeting.
REMOTE PARTICIPATION DECLARATION – AB 2449	None.
COMMITTEE MEMBERS PRESENT	Valerie Munoz and Robert Gonzales
WATERMASTER LIASON	None.
COMMITTEE MEMBERS ABSENT	Bob Kuhn
OTHER BOARD MEMBERS PRESENT	None
STAFF MEMBERS PRESENT	Randy Schoellerman, Executive Director; Dan Colby, Assistant Executive Director/Senior Project Manager; Stephanie Moreno, Executive Assistant/Public Outreach Coordinator; Mary Saenz, Director of Finance; Michelle Sanchez, Admin/Accounting Assistant; Jackie Montgomery, Admin/Accounting Assistant
MEMBERS OF THE PUBLIC PRESENT	Chris Lancaster, Civic Publications; Gabriel Monares, The Monares Group
<i>Public Comment</i>	None.
REMOTE PARTICIPATION DECLARATION – AB 2449 [Government Code Section 54953(f)]	None.
<i>Discussion Regarding Next Advertorial</i>	Ms. Moreno reported that the next ad would be in the Civic Leadership publication that is schedule to be out in June. Mr. Lancaster commented that Mr. Monares was assisting on getting interviews with Congresswomen Napolitano and Chu to discuss their commitment to the water cleanup issues and their support of the WQA.
<i>Discussion Regarding EcoVoices Program</i>	Ms. Moreno reported that she has been working with Dr. Shope over the past few months on a series of videos to use

as educational tools. She played three brief sample video clips for the committee members.

Mr. Shope provided an update on the program and indicated that he has provided staff with some initial one-minute video clips to use on WQA's social media sites. He reported that the editing of the video series has taken longer than previously expected. He indicated that he should have the final seven video episodes completed in June along with the accompanying curriculum guides. He reported that his goal was to utilize the finished products on a series of hands-on educational activities at various parks in the San Gabriel Valley.

Ms. Munoz commented that she would like water agencies to do a better job relaying the message of water issues and would like the WQA to be a part of that message to inform the public on what role the WQA plays in the water industry. She would like to see more consistency in the messaging. She also noted that she would like to see more in-person educational outreach and working more with the local school districts. She lastly noted that she wanted to make sure the videos matched the audience which they will be targeting.

Mr. Shope commented that the videos incorporate school aged kids to help convey the message in a way they will understand. He also noted that he was excited to get back to doing in-person activities.

Mr. Gonzales commented that he preferred live in-person activities. He would also like to see the elected official be educated as well as students.

Ms. Moreno commented that once all the videos are completed, they will be uploaded to the WQA website and YouTube channel for everyone to access along with the curriculum guides. She reported that Dr. Shope has submitted a proposal for the next fiscal year at the same amount as in previous years of \$15,000 to continue the program and implement the new video series into his live activities.

After some discussion, the committee recommended that EcoVoices proposal go to the full Board for approval.

Legislative Activities/Reports

- a. AB 279 – Mr. Schoellerman reported that he anticipates that the bill will be out of committee this week and hopefully have a hearing on it the first week in June.
- b. State – Mr. Monares reported that there is no opposition for AB 279. He noted that the State is dealing with some funding issues as a result of the tax filing deadline being extended to October. He lastly noted that there may be a climate bond in the next session that the WQA could look at to possibly get some funding opportunities.
- c. Federal – Mr. Monares reported that everything is on hold while the federal government deals with the debt ceiling issue. He noted that Congresswoman Chu has requested to do another check presentation for the 2nd \$10M that was awarded to the WQA.

EXECUTIVE DIRECTOR'S REPORT

Mr. Schoellerman reported that the WQA participated in the Water Industry Update that Congresswoman held at Upper District on May 3rd. He also reported that Mr. Colby provided a presentation with Director Gonzales to the El Monte City Council on May 3rd. He noted that he participated in a hearing for the EPA PFAS Standard to provide verbal comments on May 4th. He lastly noted that staff has not received any comments on the draft budget and that it is scheduled for a public hearing and adoption at the next WQA Board meeting on May 24th.

ADJOURNMENT

Mr. Kuhn asked if there were any other items of business to come before the committee. There being none, the meeting was adjourned.

AGENDA SUBMITTAL

To: WQA Board of Directors
From: Randy Schoellerman, Executive Director
Date: May 24, 2023
Subject: Eco Voices Institute Educational Programs

Summary

The past seven years WQA has participated in a Summer Youth Outreach Program with EcoVoices to target a segment of the community that is difficult to reach, the youth of our communities. EcoVoices is a STEM's rich hands-on program that provides young people lessons on the San Gabriel River watershed that includes groundwater quality, drought preparedness, mitigation measures for the prevention of pollution and restorative biodiversity. It is delivered in a dynamic and theatrical way that helps students remember and retain what is taught. Staff is recommending continued participation in this program.

Discussion

This past year, with WQA's participation, Dr. Richard Shope and his team have been developing and producing seven water quality educational videos comprised of social media spots (under 2 minutes) and educational videos (several 5-8 minute episodes and one longer episode—featuring Young Scientist explainers). These videos feature Mr. Dan Arrighi from the San Gabriel Valley Water Company explaining various aspects of groundwater treatment and contaminant removal in the San Gabriel Basin. The videos are intertwined with humorous explanations from the Young Scientist explainers. WQA will utilize these videos on our Social Media Platforms. In addition, Dr. Shope is developing written curriculum models for the videos that can be used by teachers in classroom settings. These are scheduled to be completed by June 30, 2023.

Next, staff is recommending that WQA continue to sponsor Dr. Shope this next fiscal year to utilize the videos at various parks within the San Gabriel Valley as EcoVoices commences its summer programs. Furthermore, EcoVoices will be reaching out to local school districts and Superintendents and provide the videos and accompanying curriculum models to assist educators for use in the classroom.

At the May 16, 2023, the Legislative/Public Information Committee recommended continuing our partnership with EcoVoices for the summer program for the budgeted \$15,000. The program reaches an estimated 1,000 youth within the region.

Recommendation

Approve proposal for participation in the EcoVoices Institute Educational Programs for \$15,000.

Attachment

Eco Voices Proposal for 2023

WATER QUALITY ACTION STORIES

We consider this current suite of deliverables as a product of our 2022-2023 Agreement.

Videos

Between now and end-of-June 2023, we will have completed and delivered our initial suite of educational and social media video productions, comprised of Social Media Spots (under 2 minutes) and Educational Videos (several 5-8 minute episodes and one longer episode—featuring Young Scientist explainers) on the following topics:

- Airstripper: Volatile Organic Chemicals (*✓Delivered Social Media Spot*)
- Ion Exchange: Perchlorate (*✓Delivered Social Media Spot*)
- Sustainability (*✓Delivered Social Media Spot*)
- Regenerable Ion Exchange: Nitrates
- UltraViolet Technologies: NDMA and 1,4 Dioxane
- Overview of Water Treatment Facilities
- The San Gabriel River Valley Watershed

Accompanying Curriculum Guides

Concurrently, we are developing online and live curriculum modules to accompany each video, for use by teachers and activity leaders, as well as by our own staff to accompany our delivery of Water Quality Action Stories to be completed by the end of June 2023.

Water Quality Action Stories: 2023-2024

We propose to utilize these products as we schedule a series of expeditions, hands-on educational activities at various parks in the San Gabriel Valley featuring our *Water Quality Action Stories*, to carry out the curriculum throughout the summer and upcoming school year 2023-2024, both through WQA and our collaborative partners such as the San Gabriel Valley Water Company. As we emerge from the cocoon of CoVid, we look forward to a robust resurgence of our live education and outreach activities.

Dedicated to Scientific, Educational, and Literary Enterprises

AGREEMENT FOR PROFESSIONAL SERVICES, 2023-2024

This Agreement is made and entered on this date, _____, by and between the San Gabriel Basin Water Quality Authority (WQA) and EcoVoices, a Project of the Founders of the World Space Foundation (World Space). The purpose of EcoVoices to create and sustain innovative, effective, and outstanding educational programs for ecological research and stewardship, focused on water.

SCOPE OF WORK: World Space agrees to perform the professional services and tasks set forth as follows:

1. Create, design, and produce, as part of the larger EcoVoices community outreach curriculum, courses, inquiry stations, science journals, mimewrighting scenarios and other associated components on the theme of WATER QUALITY ACTION STORIES.
2. Implement the WATER QUALITY curriculum as part of the SUMMER 2023 and School Year 2023-2024 community outreach, within the service area of the WQA, by using the series of *video productions* for online and Social Media distribution.
3. Implement the WATER QUALITY curriculum as part of the School Year 2022-2023 community outreach to at least 5 schools within the service area of the WQA.
4. Provide photographs and write-ups to enable the WQA to publicize its participation as an EcoVoices partner via its Social Media outlets. Include the WQA logo where appropriate (letterhead, banners, science journals, etc.), to indicate its status as an EcoVoices partner.

COMPENSATION: EcoVoices, a project of World Space, shall perform the Professional Services at a total cost of \$15,000, payable to the "World Space Foundation".

INTELLECTUAL PROPERTY: World Space enthusiastically embraces the task of creating a suite of educational products for EcoVoices that communicate WQA community outreach themes. World Space reserves the intellectual property rights to benefit the authors of those efforts, to be shared as revenue-producing work, on a case by case basis, with its collaborative partners.

GENERAL PROGRAM DEVELOPMENT: This Agreement funds activities carried out in concert with several collaborative entities, including but not limited to: the L.A. County Department of Parks & Recreation, the City of La Puente (through our programs at the La Puente Park Community Center), the San Gabriel Valley Water Company, the National Ground Water Foundation, and various school districts within the San Gabriel Basin WQA service area.

AGENDA SUBMITTAL

To: WQA Board of Directors
From: Randy Schoellerman, Executive Director
Date: May 24, 2023
Subject: **Adoption of Draft Budget for FY 22/23**

Summary

WQA staff presented the FY 23/24 Draft Budget in two workshops at the Administrative/Finance Committee meeting on April 11, 2023, and at the WQA Board Meeting on April 19, 2023. Staff did not receive any comments or requests for changes to the budget resulting from the workshops.

Accordingly, there have not been any revisions made to the FY 23/24 Draft Budget as presented at the April budget workshops.

As submitted previously during the workshops, the WQA assessment is budgeted at \$12 per acre foot, for assessment funding of \$2,371,320 on a total of 197,610-acre feet of prescriptive pumping rights that are owned in the Basin.

The budget workshops also included a specific discussion of the WQA Reserve Fund Policy and the effect that the FY 23/24 Budget has on the annual assessment level necessary to fund WQA's operations. The Reserve Fund Policy mandates that an annual review of reserves be presented to the Board as a component of the annual budget process. The review was performed and presented to the Board at the April workshops. Based on staff analysis, funding levels are appropriate and aligned with Board goals and objectives for FY 23/24.

Recommendations / Proposed Actions

Adopt Draft Budget for FY 23/24.

OPERATING AND PROJECT EXPENSE BUDGET
FISCAL YEAR ENDING JUNE 30, 2024

ANNOTATIONS AND PROJECT DESCRIPTIONS

PROJECTS

1. Project Budget Line Items

Each of the following headings are included on each project budget and are defined as follows:

1a. Legal/Mediation/Litigation

This item includes the professional services required to negotiate, develop agreements, and/or litigate. The budget costs reflect anticipated professional services by our general and/or specialized counsel.

1b. Government Relations / Community Relations

Government Relations: These costs reflect the fees associated with efforts in Washington D.C. and Sacramento to find outside sources of funding for cleanup projects. The fees have been proportionately allocated to the related projects requiring outside funding. The allocation rate is based upon funding provided to activities in the operable units. The rate is reviewed on an annual basis and adjusted accordingly. The rates for FY 23/24 are shown below.

Community Relations: The WQA disseminates information to a large audience throughout the year with the use of approximately eight to ten full-color inserts exclusive to the WQA, as well as e-mail "blasts" to approximately 60,000 readers. These are issued in conjunction with Earth Day, Civic Leadership, Water Awareness and other special sections or events. The WQA has also developed a comprehensive social media communications plan that capitalizes on social media's increasing influence to communicate its goal to the general public. The fees are allocated proportionately among the 42 projects that are included in the budget.

	<u>Government</u>	<u>Community</u>
	<u>Relations</u>	<u>Relations</u>
Baldwin Park Operable Unit - BPOU Committee	39.7%	16.7%
Baldwin Park Operable Unit - Non-Committee	2.9%	9.5%
El Monte Operable Unit	22.2%	26.2%
So. El Monte Operable Unit	10.8%	11.9%
Puente Valley Operable Unit	4.8%	11.9%
Area Three Operable Unit	8.7%	7.1%
Other Projects	<u>10.9%</u>	<u>16.7%</u>

SAN GABRIEL BASIN WATER QUALITY AUTHORITY

OPERATING AND PROJECT EXPENSE BUDGET
FISCAL YEAR ENDING JUNE 30, 2024

ANNOTATIONS AND PROJECT DESCRIPTIONS

1. Project Budget Line Items (continued)

1c. Treatment and Remediation (T & R) / Administration Costs/Grants

Costs on this line item are associated with projects that are owned and operated by either the WQA, Responsible Parties (RPs), or Water Producers and reflect the expenses necessary to maintain and operate a treatment system or the costs associated with administering outside funding and grants.

2. OTHER PROJECTS

ARCADIA LONGDEN AND LIVE OAK TREATMENT PLANTS (See page 3)

The City of Arcadia operates two treatment facilities. The Longden Treatment Plant utilizes air-stripping treatment technology for VOCs with capacity of 4,500 gpm. The Live Oak Treatment Plant utilizes LPGAC treatment technology for PFAS with a capacity of 3,000 gpm. The treated water is conveyed into Arcadia's existing distribution system. For FYs 18/19, 19/20, 21/22, 22/23, and 23/24, the treatment and remediation costs are funded by the SWRCB DFA Proposition 68 grant funds.

MONROVIA MYRTLE WELLFIELD TREATMENT (See page 4)

The City of Monrovia operates two VOC treatment facilities at its Myrtle Wellfield. Tower 1 and 2 Treatment Plant utilizes air-stripping treatment technology with a capacity of 3,600 gpm. Tower 3 and 4 Treatment Plant utilizes air-stripping treatment technology with a capacity of 4,000 gpm. The treated water is conveyed into Monrovia's existing distribution system. For FYs 18/19, 19/20, 21/22, 22/23, and 23/24, the treatment and remediation costs are funded by the SWRCB DFA Proposition 68 grant funds.

SAN GABRIEL VALLEY WATER COMPANY - PLANT 11 (See page 5)

The WQA Board authorized the use of Restoration funds in prior years to offset a portion of SGVWC's treatment and remediation costs for Plant 11. The federal funds for Plant 11 were utilized in FY 9/10; no federal funds have been allocated since that date. Plant 11 continues to operate with costs currently funded by SGVWC and Proposition 68 funds. For FYs 18/19, 19/20, 21/22, 22/23, and 23/24 treatment and remediation costs are funded by the SWRCB DFA Proposition 68 grant funds.

SGVWC plans to construct a new PFAS treatment facility utilizing ion exchange technology with a capacity of 5,000 gpm. The overall cost is projected at \$7.2M. During the FY 22/23, the WQA Board awarded \$2.0M of Restoration (FFPA) funds to partially offset the cost of construction. A portion of the award is included in the FY 23/24 budget with the balance of the award to be expended in subsequent years.

SAN GABRIEL BASIN WATER QUALITY AUTHORITY

OPERATING AND PROJECT EXPENSE BUDGET FISCAL YEAR ENDING JUNE 30, 2024

ANNOTATIONS AND PROJECT DESCRIPTIONS

SAN GABRIEL VALLEY WATER COMPANY - PLANT 1 PFAS (See page 6)

The project is located in the City of El Monte and involves the construction of a PFAS treatment facility utilizing ion exchange technology. The proposed treatment facility will be able to treat any combination of Plant 1 Wells with a design capacity of 5,000 gpm. The overall cost is projected at \$6.65M. During the FY 22/23, the WQA Board allocated \$1.025M through the FFPA process, of which \$525K is included in the budgeted expenses for FY 23/24, and the remainder to be expended in subsequent years.

SUBURBAN WATER COMPANY - PLANT 201 PFAS Treatment Plant Phase 1(See page 7)

Suburban Water Company is involved in the design and construction of a 10,000 gpm ion exchange equipment for the removal of PFAS contamination. The treated water will conveyed into Suburban Water Systems existing distribution infrastructure. The WQA Board has allocated FFPA funds to partially offset the cost of construction.

WHITTIER NARROWS OPERABLE UNIT (WNOU) (See page 8)

The WQA is assisting the U.S. Environmental Protection Agency (EPA) and the Department of Toxic Substances Control (DTSC) in developing a long-term plan to guarantee the continued operations of the WNOU remedy and to ensure that the remedy is performing as required by the WNOU Record of Decision (ROD). The plan currently calls for the San Gabriel Valley Water Company (SGVWC) to assume operations of the treatment plant. In order for SGVWC to assume operations capital upgrades are required. The upgrades include the construction of an onsite reservoir, construction of blending controls and a 3,000 gpm booster station as well as an updated pump station and disinfection equipment. In addition, a 7,000 linear foot blending pipeline is necessary to bring needed blend water from SGVWC's existing distribution system to facilitate long term operation of the treatment facility. The costs associated with the capital upgrades total approximately \$15M and are being funded by an agreement between EPA, DTSC and state funding through Proposition 1, with a preliminary Proposition 1 award of up to \$7.1M. Any costs associated with WQA involvement are currently being funded by WQA.

SAN GABRIEL BASIN WATER QUALITY AUTHORITY

OPERATING AND PROJECT EXPENSE BUDGET FISCAL YEAR ENDING JUNE 30, 2024

ANNOTATIONS AND PROJECT DESCRIPTIONS

3. **BALDWIN PARK AREA OPERABLE UNIT - LPVCWD (See page 12)**

The 2,500 gpm groundwater treatment project was constructed in 2000 for the La Puente Valley County Water District (LPVCWD). The plant utilizes air stripping, ion exchange and ultraviolet light to treat VOCs, Perchlorate, n-nitrosodimethylamine (NDMA) and 1,4-Dioxane. The treatment and remediation costs for the project are funded through the Baldwin Park Operable Unit (BPOU) Project Agreement. In addition, LPVCWD tested waste brine destruction methods resulting from the operation of the ion exchange treatment technology. The regenerable ion exchange treatment equipment was subsequently replaced with more efficient single pass ion exchange treatment equipment thereby eliminating all waste brine discharges. In addition to the ion exchange treatment equipment, LPVCWD constructed a new onsite production well. The costs for the completion of the ion exchange treatment equipment and the new well were reflected in the FY09/10 budget and were funded through the BPOU Project Agreement, a USBR Title XVI award, and Restoration funds approved by the Board. The FY 23/24 budget includes the subsequent treatment and remediation costs that are being funded through the BPOU Project Agreement.

Additionally, LPVCWD is constructing a Nitrate Treatment Facility. The project involves the design and construction of a 1,500 gpm regenerable ion exchange equipment for the removal of nitrate contamination. The treated water slip stream of water will be re-blended upstream of additional required treatment. The overall cost is projected at \$2.8M. During the FY 22/23 the WQA Board awarded \$1.275M through the FFPA process. The award is included in the FY 22/23 projected expenses.

4. **BALDWIN PARK AREA OPERABLE UNIT - PLANT B6 (See page 13)**

The 7,800 gpm groundwater treatment project at San Gabriel Valley Water Company's (SGVWC) existing B6 well field is currently operating under its amended water supply permit. The project removes VOCs, Perchlorate, NDMA and 1,4-Dioxane from the groundwater with a combination of treatment technologies including air stripping and single pass ion exchange treatment equipment. The project also includes four extraction wells at two extraction locations near the southwestern edge of the BPOU. In addition, SGVWC was required by the DPH to construct an additional fixed bed ion exchange treatment system for the removal of nitrates. The second round of funding from Proposition 84, Section 75025 provided funding for the nitrate system. SGVWC is also planning the installation of an advanced UVFlex modular treatment system for 1,4-dioxane and NDMA at an estimated cost of \$2.2M. This system would reduce the amount of energy necessary to operate and optimize the treatment of contaminants. Proposition 1 funding of a portion of the UVFlex project was approved. In FY 22/23, the WQA Board approved an FFPA award of \$1.29M for this project, which is projected to be paid in FY 23/24. The FY 23/24 budget also includes treatment and remediation costs that are funded through the BPOU Project Agreement.

SAN GABRIEL BASIN WATER QUALITY AUTHORITY

OPERATING AND PROJECT EXPENSE BUDGET
FISCAL YEAR ENDING JUNE 30, 2024

ANNOTATIONS AND PROJECT DESCRIPTIONS

5. BALDWIN PARK AREA OPERABLE UNIT - CDWC Well 14 (See page 14)

California Domestic Water Company (CDWC) has constructed VOC, Perchlorate and NDMA treatment facilities at their Well No. 14. While the project is not part of the EPA ROD, it is funded as part of the comprehensive BPOU Project Agreement that has been endorsed by the EPA. In FY09/10 CDWC constructed an extraction well to replace existing Well No. 14 due to sub-surface failure. The cost of the constructing a pipeline between the CDWC Bassett Well Field and SGVWC's Plant B5 was also funded through the BPOU Project Agreement. The FY 23/24 budget includes treatment and remediation costs, which are funded through the BPOU Project Agreement.

6. BALDWIN PARK AREA OPERABLE UNIT - CDWC Well 8 PFAS (See page 15)

CDWC is designing and constructing a 3,000 gpm ion exchange resin treatment system for the removal of PFAS contamination. The treated water will be conveyed into CDWC's existing distribution infrastructure. The cost of the facility is projected to be \$4.7M. During FY 22/23, the WQA Board allocated an FFPA award of \$2.6M award for the project. Included in the FY 23/24 budget is \$1.5M of the FFPA award, with the remainder of the award to be paid in subsequent years.

7. BALDWIN PARK AREA OPERABLE UNIT - PLANT B5 (See page 16)

The 7,800 gpm treatment system at SGVWC's existing B5 well field and extraction well on site is located at the southern edge of the BPOU and is part of the EPA's ROD and the BPOU Project Agreement. The project treats Perchlorate, NDMA, 1,4-Dioxane and VOCs. The B5 treatment facility started operations in FY 08/09 with all associated costs funded through the BPOU Project Agreement. The FY 23/24 budget includes treatment and remediation costs that are being funded through the BPOU Project Agreement.

SGVWC is also in the process of replacing four Micron Filter Vessels at an estimated cost of \$535K. In FY 22/23, the WQA Board approved an FFPA award of \$345K for this project, which is budgeted to be completed in FY 23/24.

SAN GABRIEL BASIN WATER QUALITY AUTHORITY

OPERATING AND PROJECT EXPENSE BUDGET FISCAL YEAR ENDING JUNE 30, 2024

ANNOTATIONS AND PROJECT DESCRIPTIONS

8. BALDWIN PARK AREA OPERABLE UNIT - VCWD SUB-AREA 1 (See page 17)

The 7,800 gpm groundwater treatment system at Valley County Water District's (VCWD) Arrow/Lante well field removes Perchlorate, NDMA, 1,4-Dioxane and VOCs utilizing treatment systems similar to those used in the B6 project. The project includes two extraction wells (SA1-1 and SA1-2) and a treated water pipeline to Suburban Water Systems' (SWS) existing distribution system. VCWD has replaced its existing regenerable ion exchange treatment equipment with the more efficient single pass ion exchange treatment equipment. The FY 20/21 budget included costs for the ongoing rehabilitation of a groundwater extraction well and a liquid phase granular activated quench system. The WQA Board allocated Restoration funds to partially offset the cost of design and construction of these systems. Additionally, the second round of funding from Proposition 84, Section 75025 provided funding for bypass piping to address nitrate contamination. The FY 23/24 budget includes ongoing treatment and remediation costs that are being funded through the BPOU Project Agreement.

VCWD is upgrading and rehabbing the Lante Plant at an estimated cost of \$1.8M. In FY 22/23, the WQA Board approved an FFPA award of \$1.16M for this project, which is projected to be completed in FY 23/24.

9. BALDWIN PARK AREA OPERABLE UNIT - SWS Plants (See page 18)

SWS has constructed two new production wells, one at its Plant 121 and the other at its Plant 142, to replace the production lost at its Plant 139. The project included a pipeline that connected Plant 121 with an adjacent service area that includes their Plant 140 NDMA treatment facility and the construction of a third production well Plant 151. The project was funded by the Project Agreement. The FY23/24 budget includes ongoing treatment and remediation costs that are being funded through the BPOU Project Agreement.

10. BALDWIN PARK AREA OPERABLE UNIT - BALDWIN WELLS PUMPING PLANT (See page 19)

This project is located at Covina Irrigating Company's (CIC) Baldwin Park Pumping Plant where CIC constructed a 6,600 gpm treatment system utilizing fixed bed ion exchange treatment technology for the removal of perchlorate from onsite wells 1, 2 and 3. The project is not part of the EPA ROD, therefore it was not funded through the BPOU Project Agreement. In prior years the WQA Board allocated Restoration funds to partially offset the cost of design and construction. The second round of funding from Proposition 84, Section 75025 also provided funds for the project.

CIC is also designing and constructing a 6,600 gpm ion exchange treatment system for the removal of PFAS contamination. The treated water will be conveyed into Suburban Water Systems existing distribution infrastructure. The overall cost is projected at \$2.5M. During FY 22/23, the WQA Board awarded \$1.0M through the FFPA process, of which \$822K is included in the FY 23/24 projected expenses.

SAN GABRIEL BASIN WATER QUALITY AUTHORITY

OPERATING AND PROJECT EXPENSE BUDGET FISCAL YEAR ENDING JUNE 30, 2024

ANNOTATIONS AND PROJECT DESCRIPTIONS

11. BALDWIN PARK AREA OPERABLE UNIT - VCWD Maine & Nixon Treatment (see page 20)

Valley County Water District operates two VOC treatment facilities. Maine Treatment Facility utilizes LGAC treatment technology with a capacity of 3,450 gpm. Nixon Treatment Facility utilizes LGAC treatment technology with a capacity of 6,250 gpm. For FYs 18/19, 19/20, 21/22, 22/23, and 23/24, the treatment and remediation costs are funded by the SWRCB DFA Proposition 68 grant funds.

12. BALDWIN PARK AREA OPERABLE UNIT - AZUSA WATER - ASPAN (see page 21)

The project is located in the City of Azusa and involves the construction of a VOC treatment facility utilizing liquid phase granular activated carbon technology. The proposed treatment will treat Aspan Well with a design capacity of 1,800 gpm. The project cost is projected at \$3.0M. The WQA Board has allocated Restoration funds of \$525K to partially offset the cost of construction.

**13. BALDWIN PARK AREA OPERABLE UNIT - REGIONAL GROUNDWATER PROJECT
(see page 22)**

The proposed project will rehabilitate two of the Glendora's existing wells located in the City of Irwindale, construct wellhead treatment at the site and construct potable water pipelines to provide sustainable groundwater to the City. The proposed treatment facility will have a design capacity of 4,000 gpm. The WQA Board has allocated Restoration funds to partially offset the cost of construction.

14. BALDWIN PARK AREA OPERABLE UNIT - VCWD MORADA TREATMENT(see page 23)

The project is located in the City of Irwindale and involves the construction of a groundwater treatment facility utilizing best available technology. The proposed treatment facility will have a design capacity of 1,500 gpm. The project cost is estimated at \$2.2M. The WQA Board has allocated Restoration funds of \$500K to partially offset the cost of construction.

15. EL MONTE AREA OPERABLE UNIT - Encinita (See page 25)

This VOC treatment project enables the Golden State Water Company (GSWC) to treat all of the 2,250 gpm available at the Encinita Plant. Funding for the project came from a variety of sources including federal funding. The WQA Board had allocated Restoration funds to offset treatment and remediation costs, which have been utilized in full as of FY 11/12. For FYs 18/19, 19/20, 21/22, 22/23, and 23/24, the treatment and remediation costs are funded by the SWRCB DFA Proposition 68 grant funds.

OPERATING AND PROJECT EXPENSE BUDGET
FISCAL YEAR ENDING JUNE 30, 2024

ANNOTATIONS AND PROJECT DESCRIPTIONS

16. **EL MONTE AREA OPERABLE UNIT - Westside Shallow Remedy (See page 26)**

In FY 06/07 the Westside Performing Settling Defendants (WSPSD) constructed additional monitoring wells required by EPA to fully characterize the extent of contamination in the western portion of the El Monte Operable Unit (EMOU). In FY 07/08 the WSPSD began construction of VOC treatment facilities and conveyance pipelines. In the event that emergent chemical contamination is found appropriate treatment will be added. The project work meets the west side shallow zone remediation requirements of EPA's EMOU ROD. The WQA Board allocated Title XVI funds and Restoration Funds to offset the cost of construction of the VOC facilities and pipelines and the funds have been fully utilized. Construction was completed in FY 12/13 and the project is now fully operational. Treatment and remediation costs are being funded by the WSPSD. However, recent data indicates the need to construct additional advanced oxidation treatment for destruction of 1,4-dioxane with the additional construction costs being funded by the WSPSD. WSPSD has constructed seven additional shallow zone extraction wells due to the lowering groundwater table, with costs being funded by the WSPSD.

The WSPSD intends to construct new groundwater conveyance piping for the additional seven wells to the existing treatment facility along with necessary electrical upgrades and controls. The proposed capital improvements are estimated to be \$8.0M. The WQA Board has allocated FFPA funds of \$1.0M to partially offset the cost of construction.

17. **EL MONTE AREA OPERABLE UNIT - Eastside Shallow Remedy (See page 27)**

During FY 07/08, the Eastside Performing Settling Defendants (ESPSD) began construction of extraction wells, re-injection wells, conveyance pipelines and a VOC treatment facility. In the event that emergent chemical contamination is found, appropriate treatment will be added. The work meets the east side shallow zone remediation requirements of EPA's EMOU ROD. The WQA Board also allocated Title XVI funds and Restoration funds to offset the cost of construction. The FY 15/16 budget included capital costs associated with the project construction and staff time associated with project coordination and processing federal awards. The Title XVI and Restoration funds have been fully utilized as of FY 15/16, and no further funding has been provided as of FY 21/22. The construction has been completed and the project is now operational. Treatment and remediation costs are being funded by the ESPSD.

SAN GABRIEL BASIN WATER QUALITY AUTHORITY

OPERATING AND PROJECT EXPENSE BUDGET FISCAL YEAR ENDING JUNE 30, 2024

ANNOTATIONS AND PROJECT DESCRIPTIONS

18. EL MONTE AREA OPERABLE UNIT - Southeast Deep Remedy- City of El Monte Wells 14, 15, & 16 (See page 28)

The ESPSD and the City of El Monte (CEM) entered into an agreement to construct three new extraction wells, necessary conveyance pipelines and the construction of a centralized VOC treatment facility. The CEM operates the treatment facility and uses all of the treated water produced for domestic supply. This project satisfies the east side deep zone remediation requirements of EPA's EMOU ROD. The WQA Board allocated Restoration funds to offset the cost of construction, with construction starting in FY 07/08. The FY 15/16 budget included capital costs associated with the project construction. The construction has been completed and the project is now operational. Although certain treatment and remediation costs are funded by the ESPSD, by agreement, there are certain costs not funded by the ESPSD. For FYs 18/19, 19/20, 21/22, 22/23, and 23/24, those treatment and remediation costs are being funded by SWRCB DFA Proposition 68 funds.

19. EL MONTE AREA OPERABLE UNIT - City of El Monte Wells 2, 10 and 12 (See page 29)

The CEM has constructed VOC treatment systems at its well sites for Wells 2, 10 and 12. The WQA Board allocated Restoration funds to partially offset the cost of treatment and remediation, which had been fully utilized as of FY 15/16. No additional funding has been provided, therefore treatment and remediation costs are funded entirely by the CEM. For FYs 18/19, 19/20, 21/22, 22/23, and 23/24, the treatment and remediation costs are funded by the SWRCB DFA Proposition 68 grant funds.

20. SO. EL MONTE AREA OPERABLE UNIT - Monterey Park Wells (See pages 31-33 and 35)

The FY22/23 budget includes treatment and remediation costs associated with the City of Monterey Park's (CMP) Well 5, Well 12 and Well 15 VOC treatment facilities. Funding for the treatment and remediation costs is provided by the EPA Cooperative Agreement, SEMOU settlement funds and SWRCB DFA Proposition 68 funds.

CMP also operates a VOC treatment plant for Wells 1, 3, 10 and Fern. The treatment and remediation costs for FYs 21/22, 22/23 and 23/24 are funded by SWRCB DFA Proposition 68 funds.

21. SO. EL MONTE AREA OPERABLE UNIT - Monterey Park Centralized Groundwater Treatment System (See page 34)

The CMP has constructed a centralized groundwater treatment system (CGT) at its Delta Plant to replace the individual remedy wellhead systems. The CGT will remove VOCs, 1,4-dioxane and PFOS and will enable the City to maximize production from its three remedy wells. The \$8.2M project is partially funded by a Proposition 84 grant and is expected to be operational in FY 23/24. It will eventually replace the VOC treatment facilities at Well 12 and Well 15.

OPERATING AND PROJECT EXPENSE BUDGET
FISCAL YEAR ENDING JUNE 30, 2024

ANNOTATIONS AND PROJECT DESCRIPTIONS

22. SO. EL MONTE AREA OPERABLE UNIT - SGVWC Plant 8 (See page 36)

SGVWC started the design process for additional treatment consisting of ion exchange for perchlorate contamination and advanced oxidation of 1,4-dioxane destruction; the additional treatment will be necessary if concentrations exceed 50% of the maximum contaminate level. The WQA Board allocated the use of federal funds to offset the cost of SGVWC's design. In FY 18/19 SGVWC began construction of an advanced oxidation treatment system for 1,4-dioxane contamination - the WQA Board has also allocated federal funds to offset a portion of those construction costs. These funds were awarded to SGVWC in FY 18/19. For FY 21/22 and FY 22/23, funding for the treatment and remediation costs for VOC treatment at Plant 8 is being provided by the EPA Cooperative Agreement. For FY 23/24 funding is being provided by SWRCB DFA Proposition 68 funds.

23. SO. EL MONTE AREA OPERABLE UNIT - GSWC SG 1 & 2 Wells (See page 37)

In prior years the Golden State Water Company (GSWC) retrofitted two of its existing six carbon vessels for ion exchange treatment of Perchlorate, and subsequently reversed the two vessels back into VOC treatment. The WQA Board had allocated federal funds to offset a portion of GSWC's treatment and remediation costs of the VOC and the temporary Perchlorate treatment systems - the funds were completely utilized as of FY 14/15. For FY 21/22 and FY 22/23 treatment and remediation costs associated with the VOC treatment for Wells SG1 and SG2 are provided by the EPA Cooperative Agreement. For FY 23/24 funding is being provided by SWRCB DFA Proposition 68 funds.

24. SO. EL MONTE AREA OPERABLE UNIT - SGVWC Plant G4 (See page 38)

SGVWC constructed a VOC treatment facility at its existing Plant G4. The WQA Board allocated federal funds to offset a portion of the treatment and remediation costs associated with the VOC treatment, which were completely utilized as of FY 10/11. For FYs 21/22, 22/23, and 23/24, the treatment and remediation costs are funded by SWRCB DFA Proposition 68 funds.

SAN GABRIEL BASIN WATER QUALITY AUTHORITY

OPERATING AND PROJECT EXPENSE BUDGET FISCAL YEAR ENDING JUNE 30, 2024

ANNOTATIONS AND PROJECT DESCRIPTIONS

25. SO. EL MONTE OPERABLE UNIT - Whitmore Treatment Facility (See pages 39 & 40)

During FY 07/08, the WQA constructed a treatment facility utilizing UV oxidation and LPGAC treatment technologies for the removal of 1,4-Dioxane and VOCs. The WQA received a grant from the State of California to offset the costs of construction and a portion of treatment and remediation which provided funding through December 2012. In December 2012, the State approved an additional five years of funding for the construction of a new extraction well and to offset costs of treatment and remediation. The State funding was fully expended within the first quarter of FY 18/19, at which time the cost of operating the treatment facility was being funded entirely by the WQA until the upcoming budget year. For FY 21/22, 22/23 and 23/24 the budget includes SWRCB DFA Proposition 68 funds that have been awarded to cover treatment and remediation costs.

The WQA is investigating the contamination in the shallow aquifer surrounding the Whitmore site. Using hydropunch technology at 15 locations and installing 6 monitoring wells, the WQA gained additional data to enhance the extraction at the Whitmore site. The cost of this project is partially funded by a Proposition 1 grant with the remainder of the funding being provided by the WQA. The WQA Board has also approved an FFPA award to cover certain of the project costs. Costs for this project were included in the budgets for FYs 21/22 and 22/23. The investigation was completed in FY 22/23, and no future funding is anticipated.

26. SO. EL MONTE OPERABLE UNIT - Regional Site Investigation (See page 41)

The WQA is involved in a collaborative effort with the Los Angeles Regional Water Quality Control Board, the SWRCB Department of Financial Assistance, and the DTSC to facilitate the investigation and cleanup of contamination sources. The WQA has received a planning grant to be used to perform remedial Phase 1 and Phase 2-type investigations of soil, soil gas, and groundwater beneath high priority sites within the Basin. The cost of this project is partially funded by a Proposition 1 grant with the remainder of the funding being provided by the WQA. The WQA Board has also approved an FFPA award to cover certain of the project costs. Costs for this project are included in the FY 23/24 budget.

27. SO. EL MONTE AREA OPERABLE UNIT - GSWC Garvey Plant (See page 42)

Golden State Water Company operates a VOC treatment facility at its Garvey wellsite. The Garvey treatment facility utilizes LGAC treatment technology with a capacity of 1,000 gpm. The treated water is conveyed into GSWC's distribution system. The costs reflected in FYs 21/22, 22/23 and 23/24, are for treatment and remediation costs funded by SWRCB DFA Proposition 68 funds.

28. PUENTE VALLEY AREA OPERABLE UNIT - SGVWC Plant B11 (See page 44)

The WQA Board authorized the use of federal funds to offset a portion of SGVWC's treatment and remediation costs for Plant B11. The federal funds for Plant B11 were fully utilized in FY 10/11. No federal funds have been allocated in subsequent years. Plant B11 continues to operate with costs currently funded by RPs.

SAN GABRIEL BASIN WATER QUALITY AUTHORITY

OPERATING AND PROJECT EXPENSE BUDGET FISCAL YEAR ENDING JUNE 30, 2024

ANNOTATIONS AND PROJECT DESCRIPTIONS

29. PUENTE VALLEY AREA OPERABLE UNIT - Intermediate Zone Remedy (See page 45)

In FY 06/07, the PVOU Responsible Party (Northrop Grumman), began construction on the intermediate zone remedy for the Puente Valley Operable Unit (PVOU). Subsequently, the project was relocated and completely redesigned, with construction on the redesigned facility starting in FY 18/19. The project consists of extraction wells, conveyance pipelines, VOC treatment equipment, ion exchange treatment equipment, UV oxidation treatment equipment and reverse osmosis treatment equipment. It is located on a property acquired by Northrop Grumman. Previously, the WQA Board allocated Restoration funds to offset a portion of the construction costs which had been fully utilized as of FY 21/22. Additionally, in FY 22/23, the WQA Board allocated \$1.0M to the project through the FFPA process, which is included in the FY 23/24 budgeted expenses.

30. PUENTE VALLEY AREA OPERABLE UNIT - Shallow Zone South Remedy (See page 46)

The PVOU Shallow Zone South Remedy located in the City of Industry is being constructed by Northrop Grumman. The project consists of extraction wells, conveyance piping, VOC treatment technology, ion exchange treatment technology, UV oxidation treatment technology and reverse osmosis treatment technology. It will have a design treatment capacity of 300 gpm. Treated groundwater will be discharged to surface water via a NPDES permit.

31. PUENTE VALLEY AREA OPERABLE UNIT - Shallow Zone North Remedy (See page 47)

This project is being implemented by Carrier Corporation to satisfy its responsibility for the PVOU shallow zone north remedy. The project consists of extraction wells, raw water pipelines, centralized treatment facility, treated water pipeline and re-injection wells. The treatment facility will have a capacity of 1,560 gpm and will treat for VOCs and emergent chemicals. Costs are not included for FY 23/24 as construction is not expected to start during the next fiscal year.

32. PUENTE VALLEY AREA OPERABLE UNIT - SGVWC - Plant B24 (See page 48)

The project is located in the City of Industry and involves the construction of a VOC treatment facility utilizing air-stripping technology. The proposed treatment facility will treat Wells B24A and B24B with a design capacity of 5,000 gpm. The WQA Board has allocated Restoration funds to partially offset the cost of construction.

SAN GABRIEL BASIN WATER QUALITY AUTHORITY

OPERATING AND PROJECT EXPENSE BUDGET FISCAL YEAR ENDING JUNE 30, 2024

ANNOTATIONS AND PROJECT DESCRIPTIONS

33. AREA THREE OPERABLE UNIT - City of Alhambra (See page 49)

The City of Alhambra's ("Alhambra") Phase I of its pump and treat program consists of a 1,600 gpm air stripping plant at Well 7. Phase II consists of a centralized treatment plant for the remediation of VOCs, including 1,2,3-TCP. The treatment plant utilizes LPGAC, was designed for a capacity of 5,400 gpm and accepts flow from City Wells Nos. 8, 11, and 12. The treated water is then blended with the treated water from Well No. 7 and conveyed to Alhambra's distribution system. The WQA Board allocated Restoration funds to this project to partially reimburse Alhambra for the Phase I and Phase II costs and to offset a portion of the treatment and remediation costs. As of FY 13/14, all federal funds had been fully utilized by Alhambra. No federal funds have been allocated for FY 23/24. Costs for treatment and remediation have previously been funded by the City of Alhambra. For FYs 18/19, 19/20, 21/22, 22/23, and 23/24 treatment and remediation costs are funded by the SWRCB DFA Proposition 68 grant funds.

34. CITY OF SOUTH PASADENA - WILSON WELLS TREATMENT (See page 50)

The project is located in the City of San Gabriel at the Wilson Reservoir and involves the construction of a 1,2,3-trichloropropane (TCP) treatment facility using granular activated treatment for the removal of TCP with a plant capacity of 3,000 gpm. The treated water is conveyed into South Pasadena's existing distribution system. The WQA Board allocated Restoration funds to partially offset the cost of construction. For FYs 18/19, 19/20, 21/22, 22/23, and 23/24 treatment and remediation costs are funded by the SWRCB DFA Proposition 68 grant funds.

35. CITY OF SOUTH PASADENA - GRAVES TREATMENT (See page 51)

The project is located in the City of San Marino and involves the construction of a VOC treatment technology utilizing granular activated carbon treatment and an ion exchange treatment technology for nitrate treatment. The treatment facility will have a capacity of 1,000 gpm. The project has an estimated cost of \$10.7M. The WQA Board has allocated Restoration funds of \$500K to partially offset the cost of construction.

36. SWRCB DFA Proposition 68 Administrative Costs (See page 52)

The WQA received two SWRCB DFA Proposition 68 grants to cover treatment and remediation costs for ten (10) Water Entities for a total of eighteen (18) treatment facilities located in the San Gabriel Basin. The grants are intended to reimburse the Water Entities for eligible treatment and remediation costs incurred between the period of July 1, 2018 through March 31, 2026. Included in the Administrative Costs for FYs 22/23 and 23/24 are WQA's costs related to the administration of the two agreements that are funded by SWRCB DFA Proposition 68 funds.

NOTE: Annotations 37 to 40 are not applicable for FY 23/24

OPERATING AND PROJECT EXPENSE BUDGET
FISCAL YEAR ENDING JUNE 30, 2024

ANNOTATIONS AND PROJECT DESCRIPTIONS

OPERATING EXPENSE BUDGET (See pages 53 - 54)

41. Operating Expenses

41a. Office Facilities

Office facilities includes the monthly lease expense and any related utility costs.

41b. Equipment O&M-Computer Systems

This line item reflects costs associated with maintaining computers and related equipment, the network and its backup system, as well as an internet connection line. Although certain maintenance is performed in-house, the WQA does require the expertise of professional computer consultants. The cost of the consultants are included in the cost category of Outside Consultants: Computer (see 41c. below).

41c. Outside Consultants: Computer

The WQA has engaged an information systems consulting firm to provide for consistent and reliable computer support, with services including maintaining and monitoring servers, workstations and network security. The FY 23/24 budget includes costs related to the consulting firm.

41d. Working Group Activities

During FY 17/18, the WQA began participating in a working group, CEPRD, to assist in the development of a guidance manual for the SWRCB Department of Drinking Water (DDW) Policy 97-005 process. The guidance manual was completed during FY 20/21 and is now available on the DDW website. The project continued with the development of training materials for usage of the guidance manual and policies regarding Chemicals of Emerging Concern (CECs). WQA is currently working with CEPRD to collaborate on emerging contaminant issues with policy makers and the State Water Resources Control Board Division of Drinking Water. The coalition includes Orange County Water District and the Los Angeles Department of Water and Power among others.

41e. Public Information/Relations

Public information costs include basin-wide informational workshops, the issuance of an annual report based on the 406 plan as well as all required public notices that are published in local and regional newspapers which are not attributable to projects. The WQA co-hosts an annual informational workshop jointly with selected other water districts, and hosts several mini-workshops throughout the year. The WQA is also participates in youth outreach programs.

SAN GABRIEL BASIN WATER QUALITY AUTHORITY

OPERATING AND PROJECT EXPENSE BUDGET FISCAL YEAR ENDING JUNE 30, 2024

ANNOTATIONS AND PROJECT DESCRIPTIONS

41f. General Outside Services

The costs for FY 22/23 relate to the lease renegotiations for the WQA office facilities. The budget for FY 23/24 includes the cost of engaging a professional organization to scan additional documents for electronic storage - these documents were not included in the original project in which the bulk of the WQA's documents were scanned.

41g. Travel, Meetings and Conference Expenses

The expenses in this category include mileage reimbursements, airfare, car rental, hotel and out-of-town meals for authorized meetings, such as ACWA, EPA, meetings with legislators in Sacramento and Washington D.C and meetings for contract negotiations, as well as conference registration fees (i.e., ACWA, NGWA) and costs to attend and/or host meetings related to WQA activities.

The total budget is allocated between WQA Board Members and WQA Employees.

Board Member Travel, Meeting & Conference

The FY 23/24 budget projects the amount of WQA-paid expenses that each Board Member incurs up to a maximum of \$4,000 per Board Member.

Employee Travel, Meeting & Conference

This budget category includes staff costs and other costs to attend and/or host meetings related to the WQA activities.

41h. Salaries and Benefits

The WQA currently has five full-time employees, and expects to hire an additional staff person bringing the total to six full-time employees for FY 23/24. Employee equivalents are computed based upon the fraction of the fiscal year that each employee worked in the categories listed below and on the next page.

SAN GABRIEL BASIN WATER QUALITY AUTHORITY

OPERATING AND PROJECT EXPENSE BUDGET FISCAL YEAR ENDING JUNE 30, 2024

ANNOTATIONS AND PROJECT DESCRIPTIONS

41. Operating Expenses (continued)

Category 1: Salaries Allocated by Individual Record Keeping Based on Actual Time to Projects

41i. Salaries and Benefits Paid by Projects

The WQA currently utilizes an internal allocation procedure whereby salaries for technical positions (see Category 1 below) are allocated to projects based on individual record keeping and actual time spent on projects.

Salaries for administrative positions (see Category 2 below) are allocated proportionately to both projects and general administration. The allocation rates are reviewed annually and adjusted based on the projected activities in the operable units. The allocation method is based on level of effort expended for each operable unit.

The categories below reflect the FY 23/24 allocations.

Applicable Positions: Executive Director, Assistant Executive Director, Project Resource Manager, and Executive Assistant/Public Outreach Coordinator.

Category 2: Salaries Allocated by Proportionate Share to Projects and General Administration

2023/2024 Computation: 50.0% ADMIN; 12.9% BPOU - Committee; 2.6% BPOU Non-committee; 6.4% EMOU; 16.1% SEMOU; 5.8% PVOU; 3.1% ATOU and 3.1% Other Projects.

Applicable Positions: Director of Finance and Administrative/Accounting Assistant.

42. Operating Revenues

42a. Interest Income

This line item reflects investment interest earned from the Local Agency Investment Fund (LAIF) and interest income earned from bank accounts. For the current year projected interest income is based on historical interest earnings, projected interest rates, and the projected timing of cash receipts and disbursements. The budgeted interest income for FY 23/24 is estimated based on an average LAIF balance of \$20.0M and includes assumptions about the timing of cash receipts and disbursements. The majority of the funds held by WQA are to be used for reimbursement of costs through FFPA awards, payment of the matching costs for SWCRB grants and costs related to other agreements.

ANNOTATIONS AND PROJECT DESCRIPTIONS

43. Pumping Right Assessments

The Pumping Right Assessment as established for the FY 23/24 Budget is \$12.00 per acre-foot of prescriptive pumping rights.

Section 605 of WQA's enabling Act, as amended effective January 1, 2004, grants the WQA the authority to impose an annual pumping right assessment not to exceed \$10 per acre-foot. Additionally, Section 608 of the enabling Act grants WQA the authority to annually adjust the assessment rate by an amount not to exceed the percentage change in the regional Consumer Price Index - All Urban Consumers (CPI). The increase in the CPI from 2004 to 2022 is 50.7 percent, resulting in an allowable maximum assessment of \$16.44.

DRAFT

RESOLUTION NO. 23-006

A RESOLUTION SETTING THE HEARING DATE, TIME AND LOCATION OF THE PROPOSED PRESCRIPTIVE PUMPING RIGHT ASSESSMENT OF THE SAN GABRIEL BASIN WATER QUALITY AUTHORITY

The Board Members of the San Gabriel Basin Water Quality Authority hereby resolve to set the hearing date, time and location of the proposed prescriptive pumping right assessment for fiscal year 2023/2024, as follows:

Date of Hearing:	<u>August 16, 2023</u>
Time of Hearing:	<u>12:00 p.m.</u>
Location of Hearing:	<u>San Gabriel Basin Water Quality Authority</u> <u>Board Room</u> 1720 W. Cameron Ave. Suite 100 West Covina, CA 91790
Amount of Proposed Assessment:	<u>\$12.00 per acre foot</u>

Dated this 24th day of May 2023.

Mark Paulson
Chairman

Valerie Munoz
Secretary

DRAFT

RESOLUTION NO. 23-007

A RESOLUTION OF THE SAN GABRIEL BASIN WATER QUALITY AUTHORITY SETTING A SCHEDULE FOR COLLECTION

The Board Members of the San Gabriel Basin Water Quality Authority hereby resolve to set a schedule of collection.

If an annual prescriptive pumping right assessment is established for fiscal year 2023/2024, it shall be collected in two installments on September 15, 2023, and November 13, 2023.

Dated this 24th day of May 2023.

Mark Paulson
Chairman

Valerie Munoz
Secretary
