Groundwater Quality Management  
and Remediation Plan “§406  
Plan” for 2023*

- 1. Presentation on Comments  
Received*
- 2. Adopt Plan for 2023*

Mr. Colby reported that on January 18, 2023, the Board authorized staff to open the 30 day public comment period on the Draft Groundwater Quality Management and Remediation Plan §406 (406 Plan) for 2023. He noted that the Draft 406 Plan was posted on WQA’s website and noticed on January 23, 2023 in the San Gabriel Valley Tribune and La Opinion newspapers. He stated that the 30 day comment period closed February 17, 2023, and no comments were received.

After some discussion, Mr. Whitehead moved to adopt the §406 Plan for 2023 as presented. Ms. Noriega seconded the motion and it was approved by the following roll call vote:

*Discussion/Action Regarding the  
San Gabriel Valley Economic  
Partnership*

- 1. Approve Renewal for 2023*
- 2. Approve Demand No.  
91777*

Mr. Schoellerman reported that the WQA has a Leader Level Membership with San Gabriel Valley Economic Partnership (SGVEP) and the annual renewal amount of \$20,000 is discounted from the regular price of \$25,000. WQA’s membership has been beneficial in putting the WQA’s issues out in front of the community by allowing the WQA to participate in local events with local and state legislators. It also gives the WQA a seat on the Board of the Directors.

Mr. Kuhn moved to approve the renewal for 2023 and to approve Demand No. 91777. Ms. Munoz seconded the motion and it was approved by the following roll call vote:

AYES: MUNOZ, PAULSON, KUHN, NORIEGA,  
WHITEHEAD, CHAVEZ, GONZALES

*Discussion/Action Regarding  
Federal Funding Program  
Administration February  
Recommendations (FFPA)*

Mr. Colby reported that on December 21, 2022, the WQA Board approved \$10.275M in Round X FFPA recommendations based on applications received in November 2022. Subsequent to that meeting, an additional \$10M appropriation for the San Gabriel Basin Restoration Fund was made available upon the passage of the Consolidated Appropriations Act of 2023. Staff revisited the Round X applications received in November 2022 and is making additional award recommendations totaling \$9.7M. The combined awards total \$19.975M.

Mr. Paulson asked if the awards from the first \$10M have been given out.

Mr. Colby commented that the funds are in WQA's account, and no reimbursements have been made.

Mr. Kuhn asked if the funds awarded to WQA's Whitmore Street Groundwater Remediation Facility (WSGRF) project would be enough to complete the project.

Mr. Colby commented that the WSGRF would be operating beyond two years and more funding would be needed.

Ms. Noriega asked how many projects were included in the \$2.125M for treatment and remediation in the Baldwin Park Operable Unit (BPOU) and would the funding go through the WQA.

Mr. Colby commented that it would be for all the BPOU projects and that the funding would go through the BPOU Project Committee which includes WQA as outlined in the Project Agreement.

Ms. Noriega stated that the funding recommended for WQA's WSGRF and the WQA Separate Costs are typically paid by its assessment so this funding would help to offset those costs.

Mr. Colby confirmed that those two projects do not have any other funding sources and these costs would traditionally be funded by the WQA assessment.

After detailed discussion, Ms. Munoz moved to approve the Federal Funding Program Administration February

Recommendations as presented. Mr. Kuhn seconded the motion, and it was approved by the following roll call vote.

AYES: MUNOZ, PAULSON, KUHN, CHAVEZ, GONZALES

ABSTENTIONS: NORIEGA AND WHITEHEAD

*Discussion/Action Regarding Operation and Maintenance Task Order for Avocet Environmental, Inc.*

Mr. Colby reported that Avocet Environmental, Inc. (Avocet) has been operating and maintaining WQA's WSGRF for the past 15 years and the current Task Order authorization concludes February 28, 2023. He indicated that the WQA's WSGRF project is an orphan site located within the South El Monte Operable Unit with no responsible party to cleanup it up. The site is contaminated with 1,4-Dioxane, TCE and other volatile organic compounds. The cleanup project was constructed by Avocet with a \$1.42M grant from the SWRCB. A subsequent grant of \$995,646 was awarded in 2012 to continue its operation through September 2018. Since that time Proposition 68 award has reimbursed WQA for those costs and provide additional funding for operations. He noted that the task order would be for two years of operation and maintenance.

After brief discussion, Ms. Munoz moved to approve the task order for Avocet Environmental, Inc. Mr. Gonzales seconded the motion, and it was approved by the following roll call vote:

AYES: MUNOZ, PAULSON, KUHN, NORIEGA, WHITEHEAD, CHAVEZ, GONZALES

After brief discussion, Ms. Munoz moved to adopt Resolution No. 23-004, Resolution Of The Board Of Directors Of The San Gabriel Basin Water Quality Authority Concurring In Nomination To The Executive Committee Of The Association Of California Water Agencies Joint Powers Insurance Authority ("JPIA"). Ms. Noriega seconded the motion, and it

## **PROJECT REPORTS**

Mr. Colby gave a brief update on the Prop 1 site investigations. He noted that site investigations began at two new properties this week; the BIG property and the former L&L Screw property that are located right next to each other. He indicated that the current site investigation agreement with Department of Funding Assistance expires in May of 2023 but staff has reached out to do a no cost extension for another year to continue the work to get all the properties investigated.

## **ATTORNEY'S REPORT**

Mr. Padilla reported that a closed session will take place.

## **LEGISLATIVE REPORT**

Mr. Monares reported that staff has started the federal appropriations requests in Washington, DC. He also reported that AB 279 will go before the Assembly ESTM committee on March 14, 2023 in Sacramento. He noted that staff has scheduled some pre-meetings to discuss the bill with legislators. He lastly noted that he would be attending the Bear Flag Republic event at the Gualco Group on March 1, 2023 in Sacramento.

Mr. Paulson asked if the federal earmark appropriations would continue.

Mr. Monares commented that he felt the federal government would continue with earmarks for the FY24 budget.

## **EXECUTIVE DIRECTOR'S REPORT**

Mr. Schoellerman reported that the San Gabriel Valley Water Association voted to support AB 279. He reported that he provided a WQA update presentation to the Upper District Board of Directors on February 8th and that they voted to support AB 279 as well. He reported that staff met with the EPA Region 9 Administrator Martha Guzman for a tour of the Puente Valley Operable Unit treatment facility that is under construction along with County Supervisor Hilda Solis, Bob Pence from Congresswoman Napolitano's office, and Roy Frausto, general manager of the La Puente Valley County Water District, and Northrop Grumman staff. He reported that DTSC is taking over the operation of the WNOU and that EPA was able to get \$6M through their Superfund program to put towards a pump station that will be an integral part of the WNOU remedy. He also reported that WQA's SEMOU Cooperative Agreement with EPA is coming to an end later

this year and DTSC will take over providing funding for the remedy per its fund-lead agreement with EPA. WQA is in the process of drafting a cooperative agreement with DTSC similar to the it had with EPA and will continue facilitating the payments to the SEMOU remedy project proponents. He reported that there may be additional Prop 68 grants in addition to the \$35M already awarded to WQA for the operation of 21 treatment projects across the valley. He noted that there would be more information on this to come. He reported that this would be the last remote meeting for the WQA now that the Governor's emergency order is expiring at the end of February. Therefore, future WQA meetings would be in-person with a remote option for the public starting with the Legislative/Public Information Committee meeting on March 8, 2023. He noted that there has been legislation introduced to increase the availability of remote teleconferencing.

**FUTURE AGENDA ITEMS**

***Discussion Regarding How WQA  
Meetings are Classified***

Mr. Schoellerman reported that with the recent legislation and the new WQA teleconferencing policy staff determined that it was appropriate for the Board to revisit the discussion on how the WQA Committee meetings are classified.

Mr. Padilla commented that with AB 2449 signed into law it may alleviate confusion if the Committee meetings were not classified as Joint Special Board meetings. He noted that if the Board meetings and Committee meeting are reclassified as distinct separate legislative bodies, under AB 2449 each Board Member would have their own allotment of Board and Committee meetings.

Ms. Noriega commented that she was in favor of reclassifying the committee meetings. She noted that in regard to the

compensation, she would support compensation for non-committee members to encourage attendance and participation but felt that it should be discussed with the entire Board.

Mr. Paulson commented that reclassification would also provide better direction for staff when trying to keep track of Board Member attendance under AB 2449.

After some discussion, the committee recommended that the WQA no longer classifies Committee meetings as Joint Special meetings and for the full Board to discuss if a non-committee member could receive compensation if they attended a WQA Committee meeting.

***Discussion Regarding Board of Directors Cost of Living Adjustment (“COLA”) for Fiscal Year 2023-2024***

Ms. Saenz reported that each year at this time the Board considers a cost-of-living (CPI) adjustment for the daily stipend per WQA procedures. Staff is recommending the Committee review the relevant CPI indicators and applicable CA Water Code requirements when considering this option. She indicated that the CPI for January 2023 is 5.8%. Per Water Code Section 2022, the annual increase to Board compensation may not exceed 5%, therefore the CPI increase is limited to 5.0%. She noted that if the Board elects to increase the compensation by 5.00%, the rate will increase by \$7.50 from \$150.00 to \$157.50.

Mr. Paulson commented that considering the current times he did not think a 5% increase was unreasonable.

Mr. Kuhn commented that if the Board would like to consider an increase he would like to do now rather than later when a cumulative increase could be much higher.

Ms. Noriega agreed with the comments made by the other committee members and felt that a 5% increase was reasonable.

After some discussion the committee recommended that an increase of \$7.00 to \$157.00 go to the full Board for approval.

***Discussion Regarding Draft Budget for Fiscal Year 2023-2024***

Ms. Saenz reviewed the summary page of the draft budget for fiscal year 2023-2024. She reported that budgeted assessment is \$2,371,320, which is \$12/acre foot of prescriptive pumping right. She highlighted some areas that have changed due to the recent federal funding that has been received. She noted that first budget workshop will be held on April 11, 2023 at the Administrative/Finance Committee meeting and a second one was scheduled for April 19, 2023 at the WQA’s Regular Board meeting. She noted that an in-depth discussion of WQA five year projections will occur on both occasions. She indicated that staff anticipated to have the budget adopted at the Board meeting on May 24, 2023.

## **EXECUTIVE DIRECTOR'S REPORT**

Mr. Schoellerman reported that EPA announced its draft MCL for PFAS as 4ppt. He reported that there would be a legislative workshop at the March WQA Board meeting. He reported that AB 279 would be heard today at the Assembly Environmental Safety & Toxic Materials Committee and that he would be testifying remotely. He reported that he attended the California Groundwater Coalition lobby day in Sacramento last week and was able to speak to some parties regarding AB 279. He noted that staff is in the process of completing \$10M federal funding requests for the FY24 federal budget. He also reported that there was State of the Water event tomorrow at Upper District with Congresswoman Napolitano that he will be attending. He lastly reported that staff has received the Prop 1 Round 3 draft award of \$1.75M to expand WQA's Whitmore Street Groundwater Remediation Facility in the SEMOU.

## **ADJOURNMENT**

Ms. Noriega asked if there were any other items of business to come before the committee. There being none, the meeting was adjourned.

## AGENDA SUBMITTAL

**To:** WQA Board of Directors  
**From:** Randy Schoellerman, Executive Director  
**Date:** March 22, 2023  
**Subject:** **Board of Directors Cost-of-Living Adjustment ("COLA") for Fiscal Year 2023-2024**

---

### **Summary and Recommendation**

Each year at this time the Board considers a cost-of-living (CPI) adjustment for the daily stipend per WQA procedures. Staff presented this to the Administrative / Finance Committee on March 14, and the Committee, while recommending an increase, has referred it to the full Board for discussion.

*The Administrative / Finance Committee recommends increasing the board stipend by \$7.00, from \$150.00 per meeting to \$157.00 per meeting.*

### **Discussion**

CPI increases to Board Member stipends need to comply with the requirements of WQA Procedure No. 23 and the CA Water Code. The attached CPI-U Table 4 indicates that the CPI for January 2023 is 5.8%. Per Water Code Section 2022, the annual increase to Board compensation may not exceed 5%, therefore the CPI increase is limited to 5.0%.

If the Board elects to increase the compensation by 5.00%, the rate will increase by \$7.50 from \$150.00 to \$157.50. The Board may also elect to increase the stipend by less than 5%.

For any proposed increase, the Board needs to approve an ordinance at a noticed public hearing pursuant to the CA Water Sections noted below.

### **Background**

WQA Procedure No. 23 provides that each Board Member receive a daily stipend for services rendered for WQA. Under subsection H of the procedure, the Board may increase the Daily Stipend by an amount equal to the lesser of 5% or the percentage increase in the annual Consumer Price Index for All Urban Consumers ("CPI-U"), Los Angeles-Long Beach-Anaheim area.

CA Water Code Section 20202: Increases to the amount of compensation may not exceed 5 percent for each calendar year following the operative date of the last adjustment of the compensation. The last increase to the daily stipend was effective 7/1/2022.

CA Water Code Section 20203: Requires that any ordinance to establish or increase the compensation rate for Board Members must be approved at a public hearing with prior published notice pursuant to Government Code Section 6066.

CA Water Code Section 20204: An ordinance adopted pursuant to Section 20201 shall only become effective after the passage of 60 days from the date of its final passage.

For any proposed increase, the Board needs to approve an ordinance at a noticed public hearing pursuant to the CA Water Sections noted above.

NOTE: Local area indexes are byproducts of the national CPI program. Each local index has a smaller sample size than the national index and is, therefore, subject to substantially more sampling and other measurement error. As a result, local area indexes show greater volatility than the national index, although their long-term trends are similar. Therefore, the Bureau of Labor Statistics strongly urges users to consider adopting the national average CPI for use in their escalator clauses.

## AGENDA SUBMITTAL

**To:** WQA Board of Directors  
**From:** Randy Schoellerman, Executive Director  
**Date:** March 22, 2023  
**Subject:** **WQA Committee Meetings**

---

### **Background and Discussion**

In 2015, WQA re-classified Committee meetings to “Joint Special Meetings” to allow all WQA Board Member to attend committee meetings regardless of appointment. However, In order to preserve the function of the Committee as advisory to the Board, members of the Board who are not assigned to the Committee may not vote on matters before the Committee.

On September 13, 2022, the Governor signed Assembly Bill 2449 into law. Effective January 1, 2023, AB 2449 effectively creates four periods with differing options for remote access to, and member attendance of, local agency public meetings under the Ralph M. Brown Act (Brown Act).

On December 21, 2022, the WQA Board approved Procedure No. 43 Teleconferencing Policy. This policy affirms the WQA’s acknowledgment of the requirements and restrictions set forth under the Brown Act (Government Code Section 54950 et seq.) that permit members of legislative bodies to participate remotely (via teleconference) for meetings of such bodies.

In order to distinguish between Board Meetings and committee meetings as distinct legislative bodies, and to improve compliance with AB2449 and Procedure No. 43, a re-classification of committee meetings is recommended.

At the March 14, 2023, Administrative/Finance meeting the committee recommended that the WQA no longer classify committee meetings as “Joint Special Meetings”, and that the full Board discuss if non-committee board members may continue to receive compensation if they attend a WQA committee meeting.

### **Recommendation**

Approve no longer classifying committee meetings as “Joint Special Meetings” and consider continuing compensation for non-committee board members who attend WQA committee meetings.
