#### **Background and Discussion**

On November 20, 2024, WQA Staff initiated Round XI of WQA's FFPA process making the most recent \$5.5M of federal funding received available for distribution to projects. Staff accepted applications from November 25, 2024, thru February 27, 2025. Staff received a total of 20 applications with a combined capital costs of \$145M, and combined treatment and remediation costs of \$21M.

Staff reviewed and ranked the projects based on established criteria and developed the draft award recommendations consistent with prior funding rounds.

On April 23, 2025, staff presented their recommendations to the full Board for approval. Based on Board discussion it was recommended that staff bring the recommendations to the Administrative/Finance Committee in May for further discussion.
